Kuccps 2015 Cut Off Points

Victoria Miyandazi

Kuccps 2015 Cut Off Points:

Equality in Kenya's 2010 Constitution Victoria Miyandazi, 2021-02-25 This book makes a significant contribution to the ongoing global conversations on the various understandings of equality. It illuminates the many ways in which diverse equality guarantees clash or are interrelated. It also sets out principled approaches on how they can be coherently interpreted to address the myriad inequalities in Kenya. Taking a comparative approach, the book considers how other jurisdictions including the United States, United Kingdom, Canada, South Africa, India, and Botswana have approached the conceptualisation, interpretation, and application of various equality concepts. The book focuses on important issues such as transformative constitutionalism in relation to the interpretation of Kenya's 2010 Constitution, expanding the list of enumerated grounds for non-discrimination, affirmative action, accommodating religious and cultural diversity, versus gender equality, the interrelation between socio-economic rights and status-based equality.
