Urban Mass Transportation Administration, 1972 **The Great American Transit Disaster** Nicholas Dagen Bloom, 2024-05-31 A potent re examination of America s history of public disinvestment in mass transit An extensively researched and expertly argued exploration of the demise of urban public transit in the United States Layered and multifaceted Pacific Historical Review Many a scholar and policy analyst has lamented American dependence on cars and the corresponding lack of federal investment in public transportation throughout the latter decades of the twentieth century But as Nicholas Dagen Bloom shows in *The Great American Transit Disaster* our transit networks are so bad for a very simple reason we wanted it this way Focusing on Baltimore Atlanta Chicago Detroit Boston and San Francisco Bloom provides overwhelming evidence that transit disinvestment was a choice rather than destiny He pinpoints three major factors that led to the decline of public transit in the United States municipal austerity policies that denied most transit agencies the funding to sustain high quality service the encouragement of auto centric planning and white flight from dense city centers to far flung suburbs As Bloom makes clear these local public policy decisions were not the product of a nefarious auto industry or any other grand conspiracy all were widely supported by voters who effectively shut out options for transit friendly futures With this book Bloom seeks not only to dispel our accepted transit myths but hopefully to lay new tracks for today s conversations about public transportation funding In this excellent socioeconomic history Bloom offers a comprehensive and thought provoking account of the rise and fall of U S mass transit skillfully assessing successes and stumbles so that we may learn from them and correct course Booklist A powerful introduction for urban scholars practitioners and students interested in American public transit policy Journal of Urban Affairs The book s greatest strength is its hard look at how racism helped ruin U S transit Newcity **An Assessment of Community Planning for Mass Transit: Boston case study** United
