Digital Wars Charles Arthur, 2012-03-03 Which of Apple Google and Microsoft had an office with a drawer of broken dreams and what real objects lay inside it When did Microsoft have the chance to catch Google in making money from search and who vetoed it Why did Google test 40 shades of blue on its users How long did outside developers wait before asking to write apps for Apple's iPhone after Steve Jobs announced it Who said that Microsoft should have its own music player and why did it fail The answers and much more can be found in this new book by Charles Arthur technology editor of The Guardian newspaper of London Digital Wars starts in 1998 when the internet and computing business was about to be upended by an antitrust case a tiny start up and a former giant rebuilding itself It looks at what are now the three best known tech companies and through the voices of former and current staff examines their different strategies to try to win the battle to control the exploding network connecting the world Microsoft was a giant soon to become the highest valued company in the world while Apple was a minnow and Google just a startup By February 10 2012 Apple was worth more 462bn than both Microsoft 258bn and Google 198bn combined The chance had come from tumultuous battles between the three To win their battles Apple used design the vertical model of controlling the hardware and software and a relentless focus on the customer to the exclusion of others Microsoft depended on the high quality of its employees programming skills and its monopolies in software to try to move into new markets such as search and music Google focused on being quick efficient and using the power of data analysis not human taste to make decisions and get ahead of would be rivals With exclusive information from interviews with people such as Don Norman former VP of Apple Computer and Pieter Knook former SVP of the Mobile Communications Business at Microsoft and many more current and former staff of the three companies including one person who has worked for all three Arthur also addresses what the inventors of the hard drive used in the iPod thought it would really be used for how Apple transformed the smartphone market which of Android or Apple that forced Microsoft to abandon Windows Mobile what happened to Microsoft's tablet plans and much more **Android**

Wich, Alex K. Piel, 2021-08-31 The global loss of biodiversity is occurring at an unprecedented pace Despite the considerable effort devoted to conservation science and management we still lack even the most basic data on the distribution and density of the majority of plant and animal species which in turn hampers our efforts to study changes over time In addition we often lack behavioural data from the very animals most influenced by environmental changes this is largely due to the financial and logistical limitations associated with gathering scientific data on species that are cryptic widely distributed range over large areas or negatively influenced by human presence To overcome these limitations conservationists are increasingly employing technology to facilitate such data collection Innovative solutions have been driven by dramatic advances in the conservation technology interface The use of camera traps acoustic sensors satellite data drones and computer algorithms to analyse the large datasets collected are all becoming increasingly widespread Although specialist books are available on some of these individual technologies this is the first comprehensive text to describe the breadth of available technology for conservation and to evaluate its varied applications bringing together a team of international experts using a diverse range of approaches *Conservation Technology* is suitable for graduate level students professional researchers practitioners and field managers in the fields of ecology and conservation biology *Sams Teach Yourself Samsung GALAXY Tab in 10 Minutes* James Floyd Kelly, 2011-03-08 *Sams Teach Yourself Samsung Galaxy Tab in 10 Minutes* offers straightforward practical answers for fast results By working through the 10 minute lessons you'll learn everything you need to know to quickly and easily get up to speed on the Samsung GALAXY Tab Step by step instructions walk you through the most common questions issues and tasks Did You Know tips offer insider advice and shortcuts Watch Out alerts help you avoid problems *Sams Teach Yourself Samsung Galaxy Tab in 10 Minutes* will provide beginner and experienced users with fast at a glance tips pointing out helpful shortcuts and solutions cautions to help avoid common Samsung Galaxy Tab pitfalls and is written in a clear easy to
