ERP Lessons Learned - Structured Process Wayne L. Staley, 2014-08-22 ERP MRP systems are the tools of the new American industrial age Against all odds Manufacturing in America is resurging powered by the discovery of new energy sources the high cost of transportation supply disruptions and increased affluence of global competitors Like all industrial cycles this one differs from predecessors Technology is more advanced and granular Digital technology is pervasive with software applications for virtually any real or imagined situation Systems unable to integrate mobile technology are obsolete Speed as always is a business goal but speed without quality is waste Sustainability is an issue affecting every business decision Process improvement programs must incorporate resource yield optimization and viable ERP systems provide deeper structure for planning and managing resources Strategy and governance define the direction for the business how it designs markets distributes and acquires the needed assets to buy make product ERP systems plan and control the supporting processes translating objectives into actionable plans then tracking execution in real time Since its inception ERP has grown steadily more complicated robust and expensive to purchase and install Comprehensive systems are still available but new approaches provide industry with advanced and in some cases more simplified solutions including cloud applications modularity and a return to the simple functionality of MRP ERP MRP like manufacturing presents exciting new applications for achieving excellence This book is a structured process written to guide you on the journey to successful implementations

Freedom and Opportunity Wayne L. Staley, 2015-01-17 Some Americans proclaim that our prosperous days are history and the future will provide fewer opportunities The simplest reply references a smelly substance defining an untruth Freedom and Opportunity Stop Redistributing and Downsizing America addresses issues related to the dismantling of America and the resulting dangers to liberty and opportunities The greatest barriers to growth are the policies of the Federal government followed by the forgotten or unlearned lessons of history Building a viable America demands positive actions It will take inclusive leadership courage and a government that enables entrepreneurs and business instead of imposing penalties redistributing wealth and power and downsizing America First we must understand the situation and consequences If we fail to rekindle the America dream it is our fault yours and mine and every citizen of America **The Enterprise**
