

The background of the entire image is a surreal landscape. In the upper half, a large, pale, ringed planet, resembling Saturn, dominates the sky. Below it, the sky transitions into a soft, colorful glow of pinks, purples, and blues, suggesting a sunset or sunrise. The lower half of the image shows a dark, sandy desert floor. Several tall, jagged rock formations, similar to buttes or mesas, are scattered across the landscape. The overall atmosphere is dreamlike and otherworldly.

during the course of these discussions Himmler also made an offer of German surrender an offer that was rejected by the Allies Includes never before published photographs Fascism, Vulnerability, and the Escape from Freedom C. On Escape Emmanuel Lévinas, 2003 First published in 1935 *On Escape* represents Emmanuel Levinas's first attempt to break with the ontological obsession of the Western tradition In it Levinas not only affirms the necessity of an escape from being but also gives a meaning and a direction to it Beginning with an analysis of need not as lack or some external limit to a self sufficient being but as a positive relation to our being Levinas moves through a series of brilliant phenomenological analyses of such phenomena as pleasure shame and nausea in order to show a fundamental insufficiency in the human condition In his critical introduction and annotation Jacques Rolland places *On Escape* in its historical and intellectual context and also within the context of Levinas's entire oeuvre explaining Levinas's complicated relation to Heidegger and underscoring the way Levinas's analysis of being riveted of the need for escape is a meditation on the body
