Les contraintes budgétaires et la demande accrue de produits et de services adaptés aux besoins et contextes en constante mutation ont contribué à l'utilisation croissante du concept par les acteurs sociaux y compris les décideurs publics et les organisations. Les travaux de cet ouvrage présentent des approches d'innovation sociale et apportent une meilleure compréhension des processus menant à l'innovation sociale. Ils voquent également le défi que représente le renforcement de la capacité organisationnelle pour obtenir des résultats accrus et un impact durable au sein des organisations des secteurs et au-delà des frontières. Il s'agit également d'explorer les méthodes et indicateurs privilégiés dans la mesure et l'évaluation du processus et des effets de l'innovation sociale dans le secteur public. L'ambition de cet ouvrage est également de poser des bases innovantes d'un cadre conceptuel renouvelé transdisciplinaire la lumière de cadres théoriques singuliers post-modernes ou critiques offrant ainsi des perspectives de recherche originales et des voies d'expérimentations contextualisées sur l'innovation sociale **A Companion to African Cinema** Kenneth W. Harrow, Carmela Garritano, 2018-09-17 An authoritative guide to African cinema with contributions from a team of experts on the topic. A Companion to African Cinema offers an overview of critical approaches to African cinema. With contributions from an international panel of experts, the Companion approaches the topic through the lens of cultural studies, contemporary transformations in the world order, the rise of globalization, film production, distribution and exhibition. This volume represents a new approach to African cinema criticism that once stressed the sociological and sociopolitical aspects of a film. The text explores a wide range of broad topics including cinematic economics, video movies, life in cinematic urban Africa, reframing human rights as well as more targeted topics such as the linguistic domestication of Indian films in the Hausa language and the importance of female African filmmakers and their successes in overcoming limitations caused by gender inequality. The book also highlights a comparative perspective of African videoscapes of Southern Nigeria, Ethiopia and Côte d'Ivoire and explores the rise of Nairobi-based Female Filmmakers. This important resource puts the focus on critical analyses that take into account manifestations of the political changes brought by neocolonialism and the waning of the cold war. Explores/Examines the urgent questions raised by commercial video about globalization. Addresses issues such as funding, the acquisition of adequate production technologies and apparatuses and the development of adequately trained actors. Written for film students and scholars. A Companion to African Cinema offers a look at new critical approaches to African cinema **Nature**, 1923 **The Evolving Arab City** Yasser Elsheshtawy, 2008-05-27 This new collection reveals the contrasts and similarities between older traditional
