

The background image is a dramatic, apocalyptic landscape. In the upper half, a city skyline is visible against a sky filled with dark, swirling clouds and intense orange and yellow light, suggesting a massive fire or explosion. The lower half of the image shows a large, dark, rocky terrain with a massive crowd of people gathered on a plateau. The people are small in comparison to the scale of the landscape and the sky. A large, black, brush-stroke-like banner is superimposed across the center of the image, containing the text "The Time is Near" in a white, elegant, cursive script.

For The Time Is Near:

This Time Around Tawna Fenske, 2017-04-04 Allie Ross's life is not going according to plan Her law career crashed before it started Her parents landed in prison for running a Ponzi scheme And she just inherited her grandmother's quirky B B complete with a crew of extra-toed cats Her love life Don't ask Then Jack Carpenter shows up The ex she never got over The guy she once loved and hated in college He's older, steadier and still sinfully sexy Jack's a single dad now and determined to prove he's not the deadbeat he once was And Allie's not the golden girl he remembers But the spark between them Still very much alive As they reconnect old feelings resurface So do old secrets along with some new ones that could wreck them both Can Allie and Jack stop history from repeating itself Or are they doomed to crash and burn all over again One click this emotional witty second chance romance about messy pasts unexpected reunions and the one who got away walking right back into your heart

The Time Is Near Robb Moser, 2017-12-14 Jesus said in the great commission of Matthew 28:16-20 But the eleven disciples proceeded to Galilee to the mountain which Jesus had designated When they saw Him they worshiped Him but some were doubtful And Jesus came up and spoke to them saying all authority has been given to Me in heaven and on earth Go therefore and make disciples of all the nations baptizing them in the name of the Father and the Son and the Holy Spirit teaching them to observe all that I commanded you and lo I am with you always even to the end of the age The end of the age in this passage means the end of the church age the church has been on the earth for 2,000 years He who has an ear let him hear the time is near I wrote this book The Time is Near about the book of Revelation in the Bible Revelation is the last book in the Word of God and gives the reader an inside look at the things to come at the end The revelation of Jesus Christ is not a revelation of man Many inside and outside the church have tried to explain it Most believers and unbelievers have ignored it It's important to keep in mind that the Bible is not a complex book as a whole therefore the book of Revelation should not be viewed as too difficult to understand The text of Scripture used in this book is paraphrased from the King James Version KJV for reader clarity and quoted New American Standard Bible NASB for cross reference Both the KJV and NASB are considered two of the most literal translations of the original Hebrew and Greek texts God sent this final message to explain the things at the end of the church age The book is divided into three parts the past the present and the future Although there are abstract verses the symbolic language always represents a reality behind the passage The word Revelation means uncover It brings to light Jesus Christ reveals Himself to man If you keep this in mind the mystery of Revelation is really no mystery at all What was not known about God can be known As we work our way through the Scripture I'll keep the focus on the literal interpretation of text Because our sinful nature wants to deny the revealed truth of God my goal is not to read in between the lines I think the words speak for themselves We are all guilty of taking the words of others out of context so let's not do that with the words of God either Remember the value of the text is found when it makes sense Sometimes what is true is hard to accept but it's valuable to know For example we all die

Revelation is simple to understand when we keep it simple and avoid over thinking it I have included some famous names inside and outside the church Names known I did this on purpose I didn't do it to be mean I didn't do it to hurt the feeling of those that follow them Read and hear this important Bible verse Paul said to the church in Ephesus to be imitators of God in Ephesians 5:11 Do not participate in the unfruitful deeds of darkness but instead even expose them So I name names based on the need to expose false prophets false teachers and false religions I've laid the ground work regarding the background of this book lets get started About the Author Robb Moser is saved by Grace alone through Faith alone in Christ alone according to Scriptures alone for the glory of God alone Robb is a minister from Genesis to Revelation the publisher of Verse to Verse and pastor of The Way Moser preaches the Word of God and teaches the Gospel of Jesus Please visit www.versetoverse.org or contact Robb Moser at email versetoverse.org for more information Robb graduated with a marketing degree from San Diego State and retired from a 30 year corporate sales career with large companies in multiple industries Moser completed truck driving school and delivers industrial gas in tanker trailers Moser Co 19927 County Road 26 2 Dolores Colorado 81323 2017 Moser Co All Rights Reserved Advances in Agricultural Animal Welfare Joy Mench, 2017-12-11 Advances in Agricultural Animal Welfare fully explores developments in the key areas of agricultural animal welfare assessment and improvement Analyzing current topical issues as well as reviewing the historical welfare issues the volume is a comprehensive review of the field Divided into five sections the book opens in Part One by reviewing advances in animal welfare science examining cognitive psychology genetics and genomics Part Two then looks at transdisciplinary research in animal welfare with coverage of bioethics welfare and sustainability from both environmental and food safety perspectives Part Three explores the process of translating science into policy and practice followed by discussion on the global achievability of welfare standards in Part Four Finally Part Five highlights some emerging issues in agricultural animal welfare This book is an essential part of the wider ranging series Advances in Farm Animal Welfare with coverage of cattle sheep pigs poultry and aquaculture With its expert editor and international team of contributors Advances in Agricultural Animal Welfare is a key reference tool for welfare research scientists and students practicing vets involved in welfare assessment and indeed anyone with a professional interest in the welfare of agricultural animals Provides in depth reviews of emerging topics research and applications in agricultural animal welfare Provides coverage of topics important to all agricultural animals and complements the wider series Agricultural Animal Welfare which will provide comprehensive coverage of animal welfare of the world's major farmed animals Edited by a world leading animal welfare academic with contributions from a writing team of both leading academics and practitioners Scientific and Technical Aerospace Reports, 1992 After the Bomb C. TWOPAS03 Engineer's Guide ,2003 **Report** United States. Industrial Commission,1901 *Does God Exist? I Do-Do Not Believe (This Book is for You)* Craig J. Radford,2023-02-09 Does science prove God s existence or provide more reasons to doubt Does God truly exist That is the age old seemingly unanswerable question But what if there was an answer What if the answer has been staring us right in the face for centuries but we ve been too busy missing the forest for the trees This book invites you to take a step back and look at the broader picture It offers anecdotes observations and most importantly scientific evidence of the universal all encompassing culture transcending purpose that connects us all In that purpose we find many paths to a knowledge that has eluded humankind for as long as we have had the ability to wonder proof that God does indeed exist We find this knowledge in the stars in the nature of time in the laws of physics in our own bodies and in equations as complex as advanced calculus and unconditional love It s just a matter of knowing where and how to look In a centuries old debate that has always placed science in an adversarial role with faith this book brings the two camps together using logic and reason to prove the existence of God For the atheist these pages eschew scriptural references in favor of evolutionary philosophical cultural and natural evidence For the believer this book enhances your faith

with affirmative arguments steeped in mathematics particle physics and a host of other scientific and real world observations And for anyone who has ever looked up at the sky and wondered what might lie beyond this book provides a clear compelling life affirming answer Desire is the starting point of all achievement not a hope not a wish but a keen pulsating desire which transcends everything Napoleon Hill As a secularist and humanist who doesn't share the same conclusions I was surprised with what an enjoyable read this is This is the strongest summary to date that I've seen for the Theist position Jeremy Runnells author of the CES Letter Written through a Euro centric philosophical and western science lens one has the opportunity to consider not only the argument for and against the belief in a God but to contemplate a middle ground where the dualities of such sit squarely within the most important part of the equation the one who asks the question This book is a worthwhile read particularly for those seeking to dive more deeply into the self Jonathan Webb Dr of Theology
