Technical and Repair manual

This publication provides unit and relevant component repair data, specifications, instructions and methodologies.

This publication has been drawn up for qualified and qualified personnel.

Before performing any operation check that the part relevant to the unit on which you must work is available along with all safety devices for accident prevention, such as, goggles, helmet, gloves, shoes, etc. and loading and transporting equipment.

Operations are to be performed by following the indications included here, using the special equipment indicated and ensuring proper repair compliance with schedule and operator's safety requirements.

Each repair must aim to restore operating efficiency and safety in compliance with the PPT processes.

PPT cannot be held liable for modifications, alterations or other interventions not authorized by PPT on the vehicle and if the units warranted the above mentioned interventions will cease its operation.

PPT is not liable for repairing interventions.

PPT will provide further details required to carry out the interventions and all the instructions that are not included on this publication.

Data included in this publication may not be up-to-date therefore subject to Manufacturer's modifications that can be added at any time for technical or commercial purposes and also to meet new law regulations in other Countries.

Focuses on the publication differ from what is actually noticed on the unit, please get in touch with the PPT network before starting any intervention.

It is forbidden to copy this text or any of its parts and all illustrations included.
