Dickens's Great Expectations Jerome Meckier,2021-10-21 Dickens scholar Jerome Meckier s acclaimed Hidden Rivalries in Victorian Fiction examined fierce literary competition between leading novelists who tried to establish their credentials as realists by rewriting Dickens s novels Here Meckier argues that in Great Expectations Dickens not only updated David Copperfield but also rewrote novels by Lever Thackeray Collins Shelley and Charlotte and Emily Bront He periodically revised his competitors themes characters and incidents to discredit their novels as unrealistic fairy tales imbued with Cinderella motifs Dickens darkened his fairy tale perspective by replacing Cinderella with the story of Misnar s collapsible pavilion from The Tales of the Genii a popular

pseudo oriental collection The Misnar analogue supplied a corrective for the era s Cinderella complex a warning to both Haves and Have nots and a basis for Dickens s tragicomic view of the world *Writers' Biographies and Family Histories in 20th- and 21st-Century Literature* Lucie Guiheneuf,Aude Haffen,2018-06-11 New creative forms of life writing have emerged over the past four decades Following in the footsteps of the New Biographers who more than half a century earlier had trusted art and imagination to uncover some truth about a singular existence some late twentieth and twenty first century novelists playwrights and essayists staged the lives of writers they loved wanted to vindicate or whose influence they needed to acknowledge and ward off In other cases they turned to another sort of genealogy and blurring the lines between biography and autobiography told the story of their parents lives This volume includes ten essays on American British and Canadian writers biographies and family histories ranging chronologically speaking from Virginia Woolf s Orlando 1928 to Lila Azam Zanganeh s The Enchanter Nabokov and Happiness 2011 The connection between biography and fiction is explored and analysed in the light of different veins of postmodernism ludic nostalgic and subversive The contributors give pride of place to those biographical enterprises in which generic distinctions yield to transgeneric recompositions ontological frontiers are crossed genders are queered women artists empowered and the creating subject revealed to be fundamentally elusive and plural The Next President of the United States ,R.A.W.,2023-01-02 This great country was founded on Christian principles and ideologies to escape a tyrannical government and pave the pathway to freedom for its citizens However there are those in power who are desperately trying to take away our freedoms through force coercion deception and indoctrination As a result American democracy is on the verge of collapse This should not come as a surprise as great civilizations of the past have followed the same predictable sequence Measures must be taken to stop this sequence if we care for our way of life Fixing the problem is not a task reserved for the select elite in power We the people can implement common sense solutions to save our beloved country If democracy is lost in America then it will be lost to the world This book was created by a concerned citizen and gifted to those willing to open their eyes to the truth Join me on this journey to salvation Freedom is never more than one generation away from extinction We didn t pass it to our children in the bloodstream It must be fought for protected and handed on to them to do the same or one day we will spend our sunset years telling our children and our children s children what it was once like in the United States where men were free Ronald Reagan **Life on the Mississippi** Mark Twain,1905 **Living to Die, Dying to Live** Michael W. Shirey,2019-10-03 Christianity is dying in parts of the world it is already dead Yet there is hope but it will require radical surgery that many are unprepared to accept as necessary The vast behemoth that calls itself institutional Christianity must die if the Jesus Movement upon which it was founded is to live The essential message of the Christian gospel is that death leads to new life Is Christianity ready to embrace this truth and die so that it can live **Fellow Romantics** Beth Lau,2016-12-05 Beginning with the premise that men and women of the Romantic period were lively interlocutors who participated in many of the same

literary traditions and experiments *Fellow Romantics* offers an inspired counterpoint to studies of Romantic era women writers that stress their differences from their male contemporaries As they advance the work of scholars who have questioned binary approaches to studying male and female writers the contributors variously link among others Charlotte Smith and William Wordsworth Mary Robinson and Samuel Taylor Coleridge Felicia Hemans and Percy Bysshe Shelley Jane Austen and the male Romantic poets These pairings invite us to see anew the work of both male and female writers by drawing our attention to frequently neglected aspects of each writer's art Here we see writers of both sexes interacting in their shared historical moment while the contributors reorient our attention toward common points of engagement between male and female authors What is gained is a more textured understanding of the period that will serve as a model for future studies

Feeding the Monster Rick Tobin, 2005 The book is divided into three parts Using Mary Shelley's classic tale of horror *Frankenstein* or the Modern Prometheus as a metaphor I explain why too many Americans are turning into monsters Too many Americans are becoming self alienated and their children are not succeeding in our schools I also explain what educators have mistakenly emphasized and tried in order to solve the problem Part I

Making the Monster builds a definition of personal addiction I argue that addicts teach addiction to others and that a vast population of Americans is deeply involved in an education in addiction Part I deals with human needs desires and current cultural trends that give birth to addictive personality traits the monster habits that I talk about when I show the Pet Monster to my pupils These traits breed self doubt and low self esteem They undermine our relationships and hinder our ability to love and care for ourselves and others When we can t love ourselves our children learn not to love themselves They have difficulty adjusting to the demands and responsibilities they face in school Addiction has become an entrenched cultural phenomenon I argue that certain cultural trends are creating personal isolation family dysfunction and personal self doubt We are witnessing a withering of character and moral value We are seeing a failure of commitment to personal growth Part II Feeding the Monster shows why more and more American families are becoming codependent to addictive cultural values and how this trend leads to the birth of the monster habits that keep our children from succeeding in school I also discuss the ways our schools themselves support and nourish addictive tendencies in families and students I look at the debate surrounding school reform and show how although it is well intentioned it is also misplaced In Part II we learn why we don t see our mistakes and why both parents and educators have developed blind spots in their vision of education We re so accustomed to the supermonster of addiction that we just don t see it anymore This is the true failure of education We re not admitting that cultural codependency to addiction to the monster even exists Part III Taming the Monster explains what we can do to save ourselves from slipping farther into monsterhood I suggest what schools families and communities must do to foster academic success and breathe value and character back into the lives of children and society I also provide an outline for educational recovery Only when we take steps to kill the supermonster and free ourselves from monstrous habits will we be able to stop the destruction that the monsters bring the destruction that can end our world *A Mary Shelley*
