Gopro Karma Drone: Learning the Basics Michael Galleso, 2016-10-20 The GoPro Karma Drone is the first foldable drone. The announcement was made in December of 2015 but the long awaited GoPro is not yet up for purchase until October of this year. It is lightweight and easy to use when compared to other drones currently on the market. It is a professional grade drone that can be used by anyone and comes with its own backpack. In addition, the GoPro Karma drone requires no assembly; simply remove from the backpack, unfold the propeller, and you are ready to use. The parts can be easily replaced if damaged, and the GoPro Karma is able to stand up to everyday wear and tear. *GoPro Cameras For Dummies* John

Back cover. Entrepreneurial Marketing Edwin J. Nijssen, 2017-04-27 How do you sell an innovative product to a market that does not yet exist? Entrepreneurial businesses often create products and services based on radically new technology that have the power to change the marketplace. Existing market research data will be largely irrelevant in these cases. Making sales and marketing of innovative new products is especially challenging to entrepreneurs. Entrepreneurial Marketing focuses on this challenge. Classic core marketing concepts such as segmentation, positioning, and the marketing mix undergo an extreme makeover in the context of innovative products hitting the market. Edwin J. Nijssen stresses principles of affordable loss experimentation and adjustment for emerging opportunities as well as cooperation with first customers. Containing many marketing examples of successful and cutting-edge innovations, including links to websites and videos on the Internet, useful lists of key issues and instructions on how to make a one-page marketing plan. Entrepreneurial Marketing: An Effectual Approach provides a vital guide to successfully developing customer demand and a market for innovative new products. This second edition has been thoroughly expanded with a one-page marketing plan which now focuses on the three entrepreneurial challenges that can be easily adapted: coverage of the customer development process and updated references and new examples. This book provides students and entrepreneurs with the fundamental tools to succeed in marketing. **Official® Overstreet® Comic Book**
