craziest things a human being could spend his or her time on Yet nobody would wonder at someone taking a short walk every
day after twenty five years that person would have covered a surprisingly long distance This is exactly the story behind this
list which appeared first as a few pages within the directory StarGuides or whatever name it had at that time and as a
distinct sister publication since 1990 The idea behind this dictionary is to offer astronomers and related space scientists
practical assistance in decoding the numerous abbreviations acronyms contractions and symbols which they might encounter
in all aspects of the vast range of their professional activities including traveling Perhaps it is a bit paradoxical but if
scientists quickly grasp the meaning of an acronym solely in their own specific discipline they will probably encounter more
difficulties when dealing with adjacent fields It is for this purpose that this dictionary might be most often used Scientists
might also refer to this compilation in order to avoid identifying a project by an acronym which already has too many
