**Honest Answers about the Murder of President John F. Kennedy** Vincent Michael Palamara,2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject

[The Assassination of JFK](#) Robert A. Wagner,2017-03-07 *The Assassination of JFK Perspectives Half a Century Later* is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission s conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy s successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy s body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fi t together however as Bob s painstaking work shows a real picture emerges and the truth comes

into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit [JFKassassinationperspectives.com](http://JFKassassinationperspectives.com) for more information and to comment

**Political Assassinations and Attempts in US History** J. Michael Martinez, 2017-11-14 The long dark history of political violence in the United States Violence has been employed to achieve political objectives throughout history Taking the life of a perceived enemy is as old as mankind Antiquity is filled with examples of political murders such as when Julius Caesar was felled by assassins in 44 BCE While assassinations and assassination attempts are not unique to the American way of life denizens of other nations sometimes look upon the US as populated by reckless cowboys owing to a Wild West attitude about violence especially episodes involving guns In this book J Michael Martinez focuses on assassinations and attempts in the American republic Nine American presidents Andrew Jackson Abraham Lincoln James A Garfield William McKinley Harry S Truman John F Kennedy Richard Nixon Gerald Ford and Ronald Reagan have been the targets of assassins President elect Franklin D Roosevelt was also a target shortly before he was sworn into office in 1933 Moreover three presidential candidates Theodore Roosevelt Robert F Kennedy and George Wallace were shot by assailants In addition to presidents and candidates for the presidency eight governors seven U S senators nine U S House members eleven mayors seventeen state legislators and eleven judges have been victims of political violence Not all political assassinations involve elected officials Some of those targeted such as Joseph Smith Malcolm X and Martin Luther King Jr were public figures who influenced political issues But their cases are instructive because of their connection to and influence on the political process No other nation with a population of over 50 million people has witnessed as many political assassinations or attempts These violent episodes trigger a series of important questions First why has the United States a country constructed on a bedrock of the rule of law and firmly committed to due process been so susceptible to political violence Martinez addresses these questions as he examines twenty five instances of violence against elected officials and public figures in American history

*How to Get Rid of a President* David Priess, 2018-11-13 A vivid political history of the schemes plots maneuvers and conspiracies that have attempted successfully and not to remove unwanted presidents To limit executive power the founding fathers created fixed presidential terms of four years giving voters regular opportunities to remove their leaders Even so Americans have often resorted to more dramatic paths to disempower the chief executive The American presidency has seen it all from rejecting a sitting president's renomination bid and undermining their authority in office to the more drastic methods of impeachment and most brutal of all assassination *How to Get Rid of a President* showcases the political dark arts in action a stew of election dramas national tragedies and presidential departures mixed with party intrigue personal

betrayal and backroom shenanigans This briskly paced darkly humorous voyage proves that while the pomp and circumstance of presidential elections might draw more attention the way that presidents are removed teaches us much more about our political order      **Assassinations, Threats, and the American Presidency** Ronald L. **Thinking Critically About the Kennedy Assassination** Michel Jacques Gagné, 2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK's shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book's opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy's life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK's murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking

of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense
