

## **Final Exam Essay (25% of Final Exam)**

Write an essay, about three or four pages, about one of the major civilizations studied this semester in which you answer the questions listed below. The civilization will be chosen by the instructor for the exam. The possible civilizations are: Mesopotamian (up to Persia), Egyptian, Greek, Roman, Jewish, Christian, Indian, Chinese, Islamic, and Early Western European. Students must be prepared for all of the above civilizations as the exam choice will not be known before the exam itself.

This exam will test the student's achievement of the main expectation for this course, namely a general understanding of the above civilizations.

1) What are its striking distinctive features or patterns -- by contrast with other civilizations?

2) Explain these distinctive patterns starting from the circumstances of its original establishment (geographical circumstances and the mode of life of its original inhabitants).

3) Show how these original circumstances are connected with

a) the basic technology,

b) the social-economic system,

c) the political system and

d) the spiritual culture: discuss major authors and texts from the Primary Source Readers and explain how they reflect these conditions. How are certain basic characteristics of this society and history reflected in these works?

4) Describe one major event in its history, and explain how this can be illuminated by reference to the above basic patterns of society.

--Remember that this is a comparative essay and that you should compare and contrast this society with other civilizations you have studied in order help to show its distinctiveness

focus on the impact on students as well. With newfound ways of learning, new online environments and new methods for teaching students are greatly impacted by the changing face of education. The traditional ways in which students have been served and assisted have changed rapidly and to make matters even more challenging, students must handle both living in a time of crisis while adapting to swift educational transformations. The dissemination of best practices and maintaining student success during global crises is an area of research that is not only growing in interest but is critical in pandemic times. *Strategies for Student Support During a Global Crisis* reflects on how educational professionals have worked with students during global crises, how serving and teaching students have been impacted, and the best practices for student success in both online education and hybrid formats. The chapters will include topics such as mentoring models, teaching methods, educational technologies, teacher insights, academic support services, and more. This book is ideal for educational professionals, leaders, school administration, teachers, teacher educators, practitioners, stakeholders, researchers, academicians, and students interested in the best strategies for supporting students and promoting student success during global crises.

**ASB Summer University 2006: Assessment of student satisfaction with a threefold approach** Oliver

Mühlich, 2007-05-30 Inhaltsangabe Abstract The aim of the research presented here is to assess student satisfaction at the Aarhus School of Business ASB for the Summer University that was first introduced in July 2006. The European Performance Satisfaction Index (EPSI) was adapted to incorporate student satisfaction in order to reach this aim and was used as the main approach in our thesis. The necessary data was gathered from online surveys we derived from the students. Two studies complemented this model. On the one hand, structured interviews were conducted with all relevant lecturers, and on the other hand, a survey was conducted in two waves with Summer University participants. In the first wave, the students' initial expectations were measured, and in the second wave, it was the degree of fulfilment for these expectations that were measured. Results from the EPSI model indicated that participants of the Summer University were satisfied overall with the program and will remain loyal. Surprisingly, however, the variable image showed no direct impact on perceived value, satisfaction, and loyalty. The results from the interviews showed that lecturers were well chosen but not adequately prepared for the program. In addition, the survey results indicated that expectations were to some degree fulfilled, but certain attributes of lecture quality experienced a negative disconfirmation of expectations. Furthermore, the direct comparison of data from the lecturers and the students suggested problems with the information flow between ASB, the lecturers, and the students. From these findings, it can be concluded that overall the Summer University was a success in the introduction of a new study program; however, there are some areas that need to be improved. Thus, our suggestions include new positioning and better marketing for next year, concrete improvement of quality attributes and information flow, and a strategy for sustainability and expansion of the Summer University. Our work successfully presents student satisfaction with a threefold approach not used hitherto. Combining all three approaches in one dissertation and establishing linkages and interrelations between them.

provides an extensive insight towards student satisfaction Considering ASB Summer University took place for the first time in 2006 the insights we provide and the recommendations we are able to give will influence the further organisational and managerial development of the program When *Indian Roots, IVY Admits: 85 Essays that got Indian Students into the IVY League and Stanford* Viral Doshi, Mridula Maluste Sood, 2024-02-17 Indian Roots Ivy Admits 85 Essays that Got Indian Students into the Ivy League and Stanford is an inspired collaborative by Viral Doshi top education consultant in India and Mridula Maluste leading writing and editorial consultant for university applications and more Writing the Common Application essay is one of the most anxiety inducing tasks that many aspiring university students encounter The essay is meant to uniquely identify each student and give him and her the winning edge But how do fresh young high schoolers captivate admissions officers through their narratives portray themselves as agents of change and chronicle personal achievements and individual talents without seeming to brag How does one avoid such pitfalls stand out and even shine in this highly competitive environment Here to answer all these questions is a rare illuminating gem of a book that will lead all young contenders on the path to drafting successful overseas education applications Indian Roots Ivy Admits 85 Essays that got Indian Students into the Ivy League and Stanford is for any student who aims to pursue higher education in world class universities It fulfils its promise to engage and empower aspiring candidates and tops that by giving them valuable perspectives in reflecting on their lives and in analyzing and composing thoroughly engaging essays Every essay within these pages has been written by a young student who earned a well deserved place in an Ivy League university or Stanford Each essay is followed by an insightful review and an in depth assessment that will help aspirants understand how to approach map and write their own strongly structured creative application essays Curated by Viral Doshi and Mridula Maluste two of India s leading experts in the domain of education this book is an invaluable resource for students and teachers as well as enthusiastic parents
