**The Handbook of Usage-Based Linguistics** Manuel Diaz-Campos, Sonia Balasch, 2023-07-05 The Handbook of Usage Based Linguistics: The Handbook of Usage Based Linguistics is the first edited volume to provide a comprehensive, authoritative, and interdisciplinary view of usage-based theory in linguistics. Contributions by an international team of established and emerging scholars discuss the application of usage-based approaches in phonology, morphosyntax, psycholinguistics, language variation and change, language development, cognitive linguistics, and other subfields of linguistics. Unprecedented in depth and scope, this groundbreaking work of scholarship addresses all major theoretical and methodological aspects of usage-based linguistics while offering diverse perspectives and key insights into theory, history, and methodology. Throughout the text, in-depth essays explore up-to-date methodologies, emerging approaches, new technologies, and cutting-edge research in usage-based linguistics in many languages and subdisciplines. Topics include usage-based approaches to subfields such as anthropological linguistics, computational linguistics, statistical analysis, and corpus linguistics. Covering the conceptual foundations, historical development, and future directions of usage-based theory, The Handbook of Usage Based Linguistics is a must-have reference work for advanced students and scholars in anthropological linguistics, psycholinguistics, cognitive linguistics, corpora analysis, and other subfields of linguistics.

**Pandemic and Crisis Discourse** Andreas Musolff, Ruth Breeze, Kayo Kondo, Sara Vilar-Lluch, 2022-02-10 The COVID-19 pandemic has led to a host of critical reflections about discourse practices dealing with public health issues. Situating crisis communication at the centre of societal and political debates about responses to the pandemic, this volume analyses the discursive strategies used in a variety of settings. Exploring how crisis discourse has become a part of managing the public health crisis itself, this book focuses on the communicative tasks and challenges for both speakers and their public audiences in seven areas: establishment of discursive and political authority; official governmental and expert communication to the public; public understanding of government communication; legitimization of

public health management as a war judging and blaming a collective other cross national comparison and rivalry empathy and encouragement Covering global discourses from Asia Europe the Middle East North and South America and New Zealand chapters use corpus based data to cast light on these issues from a variety of languages With crisis discourse already the object of fierce national and international debates about the appropriateness of specific communicative styles information management and verbal hygiene Pandemic and Crisis Discourse offers an authoritative intervention from language experts
