The Lamoille Stories Bill Schubart,2008 Every year on the Fourth of July Jeeters wife Lou struts in the town parade wearing suspenders made of jumper cables with a tow chain around her waist Those in the know which means everyone in town chuckle at Lous silent commentary on her husbands skill as an automotive mechanic But Jeeter has a different perspective Thats my wife right there he tells a stranger She knows cars Author Bill Schubart brings to life the friends and

characters of his native Lamoille County where in the late 1950s and early 1960s life was lived close to the earth and often against the grain Schubarts collection of twenty two stories captures Vermont in its transition from an enclave of hill farms and small towns where everyone knew your grandfather to a place where vehicles bearing license plates from away mix with hippie vans filled with born again Vermonsters getting back to the land until snowfall Its a time and place where the Jeeters of The Lamoille Stories rub elbows with the ladies of the Uplift Club all to the fiddle accompaniment of Qubcois music played by people whose conversations often weave French and English together in a single sentence Schubarts full hearted and compassionate evocation of this Vermont is by turns poignant funny and savory The stories give readers a good excuse to stay up too late to discover how Wyvis will circumvent the new Vermont prohibition on having more than three junk cars in your yard or how Charlie is going to get Edgar to pay him for his new chimney Schubarts thoroughly enjoyable short story collection is as finely etched as the frost crystals on your winter window Amusez vous bien Bill Schubarts Vermont stories of a mostly forgotten time and place are fresh authentic funny in places and sad in others He knows his corner of the Green Mountains inside out and writes with honesty and grace about its people Howard Frank Mosher author of Disappearances Mary Blythe and On Kingdom Mountain Popular Mechanics ,1965-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Popular Mechanics** ,1970-05 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle
