Kenya PK Mbote, M Akech, 2011 The premise of this report is based on Kenya's policy blueprint Vision 2030 which places rule of law at the center of its goals. It was commenced at the same time as the nation was recuperating from the post election poll which resulted in many Kenyans expressing disappointment at the nation's democratic institutions. The study produced by AfriMAP and the Open Society Initiative for Eastern Africa examines and makes recommendations for the following topics: justice sector and rule of law, legal and institutional framework, government track record in respect to rule of law, management of the justice system, independence of the bench and bar, criminal justice access to justice and the role of donor agencies.

Psychiatry in Prisons Simon Wilson, Ian Cumming, 2009-10-01 Psychiatry in Prisons provides a comprehensive overview of the history, problems and development of psychiatric health care in prisons. Governing Gifts Erica Caple James, 2019-04-15 This collection investigates the intersections between faith based charity and secular statecraft. The contributors trace the connections among piety, philanthropy, policy and policing. Rather than attempt to delimit what constitutes so called faith based aid and institutions or to reify the concept of the state, they seek to understand how faith and organized religious charity can be mobilized at times on behalf of the state to govern populations and their practices. In exploring the relationship between faith based charity and the state, this volume contributes to discussions of the boundaries between public and private realms and to studies on the resurgence of religion in politics and public policy. The contributors demonstrate how the borders between faith based and secular domains of governance cannot be clearly defined. Ultimately, the book aims to expand the parameters of what has typically been a US centric discussion of faith based interventions as it explores the concepts of faith, charity, security and governance within a global perspective.

Police Peacekeeping Lou Pingeot, 2023 This book questions the optimistic reading of police peacekeeping often found in both academic and policy circles. Lou Pingeot provides an in depth study of UN intervention in Haiti to show how a single site can help to shed light on how policing functions globally.
