

EXAMINER'S CARD

MMI STATION SCENARIO 3

- 1) Tell me about your communication skills.
- 2) Would you say communication is more important than academic/scientific ability or would you say it is more important?
- 3) Can you give me an example of when you've worked in a team, when you've been in a stressful situation and how you've managed that.
- 4) What is the importance of having the continuity of care, such as in GP practices?

GOOD ANSWER

- Give very concise answers, and make sure that they weren't waffling
- Using the STARR template with sufficient examples
- Being reflective and considering what skills the interviewers are looking for.
- Linking back to medicine.

BAD ANSWER

- Not respond directly to the question and waffling
- Sounding overly rehearsed and being unnatural in your response.
- Going straight into the question without thinking about what to say.
- Being generic and vague.

Interview
Top Tip

Ensure you are concise in your answers. What can often happen is that candidates get carried away with one question, forgetting that a station consists of up to 4-5 questions.

INTERVIEWS FOR MEDICAL SCHOOL: Multiple Mini Interview (MMI) Practice Thanthullu Vasu,Shrya Shyam,RISE Foundation Leicestershire,2023-04-21 Medical interviews have changed a lot with time in the last two decades multiple mini interviews MMIs have revolutionized the assessment strategies

for entrance to medical schools MMIs usually consist of 6-10 stations of independent assessments done in a timed circuit so that the same examiner evaluates a specific skill for a station among the candidates. Many of these stations assess a candidate's soft skills including critical thinking, problem solving, team working, leadership, and professional attitudes in addition to their knowledge, skills, and motivation towards choosing medicine as a career. MMIs are not just a test of a candidate's knowledge or skills but their ability to use it appropriately at the right time. Aristotle said we are what we repeatedly do. Excellence then is not an act but a habit. Candidates wishing to succeed in medical MMI interviews need repetitive practice in the various stations. These stations usually include assessments on communication skills, medical ethics, recent medical facts, role play with an empathetic approach, data interpretation and calculations, scenario-based situations, personal character, motivation, and judgment. This book will provide an excellent variety of opportunities to practice these stations and guide the candidate with a framework of answers. This book can be used for various medical university entrance exams including those in the United Kingdom via the Universities and Colleges Admissions Service (UCAS), the United States via the American Medical College Application Service (AMCAS), Canada via the respective Medical School Applications Service, Australia via the specific state Tertiary Admissions Centre, and many other countries via their specific admission pathways. Dr. Thanthullu Vasu has previously published four medical books alongside many chapters and articles in leading international journals. He has founded, organized, and directed many teaching courses that have received excellent feedback. He regularly organizes national MMI courses for candidates applying to medical schools; these courses are in high demand and have consistently produced a successful outcome. Many of the contributors in the book are team members from the RISE Foundation, Leicestershire, a charity based in Leicestershire (<https://risefoundationuk.com>). All the contributors have extensive experience as examiners in many interviews and courses. The royalties from the sale of this book will be donated to the RISE Foundation, Leicestershire. Thank you for buying this book as the money will go towards helping various causes supported by this charity. We wish you much success in your interviews and your future medical career.
