 Physics for Scientists and Engineers with Modern Physics Douglas C. Giancoli, 2008 Key Message This book aims to
explain physics in a readable and interesting manner that is accessible and clear and to teach readers by anticipating their
needs and difficulties without oversimplifying Physics is a description of reality and thus each topic begins with concrete
observations and experiences that readers can directly relate to We then move on to the generalizations and more formal

treatment of the topic Not only does this make the material more interesting and easier to understand but it is closer to the way physics is actually practiced
