Cyril of Alexandria was one of the earliest Christian apologetics as he fought against many types of false teaching varying in degree Although the teachings that he was very carefully refuting were not really Gnostic in thought it is easy to see the Gnostic areas of influence that many of this opponents had These various books collected here are presented to make it easier not only to read the truth as was needed back in the early church but also the arguments set forth by Cyril so that we can learn from the past and not fall into the same schools of false teaching today Five Tomes Against Nestorius - Primary Source Edition Saint Cyril,2013-11 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book
