RB1500 - INTRODUCTION

Hi, Owner!

Your decision to purchase Gehl equipment is a wise one. You have made a sound and lasting investment. Gehl Company has been building farm equipment for well over a century. Today, it is not only business, the entire manufacturing and marketing philosophy is built upon quality. The quality built into Gehl products assure you the performance and reliability you need to make a profit. It is our hope that you will return to Gehl for all your future farming, handling and harvesting equipment.

Over 2000 independent Dealers are authorized to service your Gehl equipment. They maintain genuine Gehl service parts.

All service parts should be obtained from or ordered through your Gehl dealer. Give complete information when ordering service parts. The model number and serial number should always be given. Numbers for this unit are stamped on a plate located near access top of the left side door. Service numbers are given, provided in a handy record for quick reference.

"Right" and "Left" are determined from a position standing at the rear of the unit looking toward direction of travel. From this position, the PTO is on the front and rear doors face the rear. "Front" is the leading side and "Rear" is the trailing side when the tractor is traveling forward.

Gehl Company reserves the right to make changes or improvements in the design or construction of any part without lowering the intelligence or sound safe design or without previously advised.
