art cinema map until the 1980s when the films of Hou Hsiao hsien Edward Yang and other Taiwan New Cinema directors gained recognition at international film festivals first in Europe and later throughout the world Since then many other Taiwan directors have also become an important part of cinema history such as Ang Lee and Tsai Ming liang The Historical Dictionary of Taiwan Cinema covers the history of cinema in Taiwan during both the Japanese colonial period 1895 1945 and the Chinese Nationalist period 1945 present This is accomplished through a chronology highlighting the main events during the long period and an introduction which carefully analyses the progression The bulk of the information however appears in a dictionary section including over a hundred very extensive entries on directors producers performers films film studios and genres Photos are also included in the dictionary section More information can be found through the bibliography Taiwan cinema is truly unique and this book is a good place to find out more about it whether you are a student or teacher or just a fan

Italians in Africa and the Japanese in South East Asia Nikolaos Mavropoulos, 2022-08-22 The comparison of early Italy s and Japan s colonialism is without precedence The majority of studies on Italian and Japanese expansion refer to the 1930 1940s period fascist totalitarian era when Japan annexed Manchuria 1931 and Italy Ethiopia 1936 The first formative and crucial steps that paved the way for this expansion have been neglected This analysis covers a range of social political and economic parameters illuminating the diversity but also the common ground of the nature and aspirations of Japan s and Italy s early colonial systems The two states alongside the Great Powers of the era expanded in the name of humanism and civilization but in reality in a way typically imperialistic they sought territorial compensations financial privileges and prestige A parallel and deeper understanding of the nineteenth century socio cultural psychological parameters such as tradition mentality and religion that shaped and explain the later ideological framework of Rome s and T ky s expansionist disposition has never been attempted before This monograph offers a detailed examination of the phenomenon of colonialism by examining the issue from two different angles The study contributes to the understanding of Italy s and Japan s early imperial expansion In addition it traces the origins of these states similar and common historical evolution in late nineteenth and the first half of the twentieth century

**Re-understanding Japan** Lu Yan, 2004-04-30 To many Chinese the rise and expansion of Japanese power during the years between the two Sino Japanese wars 1895 1945 presented a paradox With its successful modernization Japan became a model to be emulated yet as the country s imperial ambitions on the continent grew it posed an ever increasing threat Drawing on an extraordinary array of source materials Lu Yan shows that this attraction to and apprehension of Japan prompted the Chinese to engage in a variety of long term relationships with the Japanese Re understanding Japan examines transnational and transcultural interactions between China and Japan during those five

dramatic and tragic decades at the intimate level of personal lives and behavior At the center of Lu's inquiry are four diverse yet significant case studies: military strategist Jiang Baili, literary critic and essayist Zhou Zuoren, Guomindang leader Dai Jitao, and romantic poet turned Communist Guo Moruo In their public and private lives, these influential Chinese formed lasting ties with Japan and the Japanese While their writings reached the Chinese public through the print mass media and served to enhance popular understanding of Japan and its culture, their activities in political, cultural, and diplomatic affairs paralleled significant turns in Sino-Japanese relations Based on archival documents, personal memoirs, correspondence, interviews, and contemporary literary works, *Re-understanding Japan* delineates diverse approaches in Chinese efforts to engage Japan in China's modern reforms [Heroic Japan](#) F. **Nation: A History of Taiwan** Jonathan Manthorpe, 2025-08-22 For over 400 years, Taiwan has suffered at the hands of multiple colonial powers, but it has now entered the decade when its independence will be won or lost At the heart of Taiwan's story is the curse of geography that placed the island on the strategic cusp between the Far East and Southeast Asia and made it the guardian of some of the world's most lucrative trade routes It is the story of the dogged determination of a courageous people to overcome every obstacle thrown in their path *Forbidden Nation* tells the dramatic story of the island, its people, and what brought them to this moment when their future will be decided [Formosa](#) George H. Kerr, 2019-03-31

Peking ceded Formosa to Japan in 1895, whereupon Japan became the first Asian power in modern times to possess a colony, and the island became a testing ground for imperial policies For two centuries, the Formosan Chinese had resisted authority imposed upon them by inefficient continental Chinese Now Tokyo extended to insular Formosa many organizing, modernizing measures characterizing Japan's own vigorous Meiji Revolution During the next fifty years, as living standards rose to approach those of Japan, proper early leaderless Formosan resistance to alien rule developed into organized appeals for effective representation in local government and at Tokyo With reversion to continental Chinese control at the end of World War II, Formosans expected to conserve and enhance gains made during the Japanese era Bitter disappointment promptly led again to rebellious relations with the continent The author, long resident in Formosa and exclusively concerned with Formosan affairs while in government service during and after World War II, is well qualified to comment upon Formosa's history and prospects He concludes that the Japanese era left an ineradicable mark upon the island people, an understanding of which will illuminate developments when Peking later undertakes the formidable task of converting Formosa into a fully disciplined and integrated province of the People's Republic of China [The State of Taiwan](#) Werner Somers, 2023-05-08

China claims Taiwan as a renegade province While saying it prefers peaceful unification, it has consistently refused to renounce the use of force to incorporate the democratic island Increasingly, Taiwan has become a potential flash point for military conflict between China and the United States After exploring the historical roots of the Taiwan question, *The State of Taiwan* offers an in-depth analysis of the international legal status of Taiwan An extensive epilogue throws the bridge

between the international legal findings and geopolitics and outlines the strategy the world's democracies should adopt in light of those findings. The State of Taiwan is now available in paperback for individual customers. *Journal of the United States Cavalry Association*, 1914
