Generac Generator Owner Manual:

Fighting over Words Roger W. Shuy, 2008-01-29 Most people fight over something or other and language is usually at the very center of the conflict. Often the way we use language is the cause of the battle. There are many areas in which fighting about language can be observed, but civil law cases offer the most fertile examples of this warfare over words. What did the contract actually say? Was there deception in the advertising? Was the warning label clear and effective? Did the company evidence race or age discrimination against employees or customers? Was one company's name too similar to that of another company? Did the corporation plagiarize the work of another? Did it fraudulently represent what its work is? This book is about the ways linguistic analysis describes, exposes, and aids disputes in 18 civil cases where language framed the battleground. Roger Shuy, a well-known forensic linguist and consultant, shows how the skills of linguistic analysis can help resolve disputed meanings while also showing how civil cases can prove to be fertile ground for linguistic scholarship. He does this by collecting and analyzing cases involving contracts, trademark disputes, advertisements, product liability, copyright infringement, discrimination, trademark disputes, and fraud controversies. In each case, he employs all the tools of formal linguistics to show how it can be as helpful as other physical sciences in resolving legal disagreements. The work will be of interest primarily to linguists, sociolinguists, forensic linguists, and scholars and students of law and society, as well as lawyers and law students.

House about it Sheri Koonen, 2004 When it comes to building or remodeling a home, it is easy to feel bombarded by the countless choices that have to be made. Now anyone can forgo hours of research and endless footwork by picking up a copy of *House About It*. From doors and windows to flooring and plumbing, *House About It* is an all-in-one, totally empowering homeowner's bible packed with innovative ideas and details to help increase the value, comfort, and aesthetics of your home. Looking for windows that are self-washing or an elevator that runs on a vacuum? Can't decide between wood and coconut palm flooring? Want to install an outdoor fireplace? This book is concise and informative, exciting and cutting-edge, and profiles countless products to build a new home from scratch or remodel an existing one. An extensive resource section, helpful tips, and a handy notebook are included for keeping organized notes on preferences for the items reviewed along the way. *House About It* includes information you need to know on Architectural Styles, Construction Types, Roofs, Flooring, Lighting, Exterior and Interior Doors, Mechanicals, Environmental Health and Safety. Sheri Koonen writes a regular column for *Home Resource and Design Magazine*, as well as freelance articles for other magazines and newspapers. She enjoyed building her own dream home several years ago and, through much trial and error, now knows what should be done when building a home. Sheri earned her B.S. degree from Boston University and her M.S. degree from Columbia University. She is a member of the National Association of Real Estate Editors, the Women's Business Development Center, and the Entrepreneurial Woman's Network. She lives in her dream home in Connecticut with her husband and children.
