The China Order Fei-Ling Wang, 2017-08-07 Examines the rising power of China and Chinese foreign policy through a revisionist analysis of Chinese civilization What does the rise of China represent and how should the international community respond With a holistic rereading of Chinese longue durée history Fei Ling Wang provides a simple but powerful framework for understanding the nature of persistent and rising Chinese power and its implications for the current global

order He argues that the Chinese ideation and tradition of political governance and world order the China Order is based on an imperial state of Confucian Legalism as historically exemplified by the Qin Han polity Claiming a Mandate of Heaven to unify and govern the whole known world or tianxia all under heaven the China Order dominated Eastern Eurasia as a world empire for more than two millennia until the late nineteenth century Since 1949 the People s Republic of China has been a reincarnated Qin Han polity without the traditional China Order finding itself stuck in the endless struggle against the current world order and the ever changing Chinese society for its regime survival and security Wang also offers new discoveries and assessments about the true golden eras of Chinese civilization explains the great East West divergence between China and Europe and analyzes the China Dream that drives much of current Chinese foreign policy An original important well researched and powerfully argued exploration of the virtues and vices of the Chinese state from its ancient past to its likely future Edward Friedman University of Wisconsin Madison A masterpiece Wang provides a grand sweeping even epic review of two thousand years of Chinese history His argument is compelling and well documented the richness and variety of sources Chinese and English he cites is breathtaking The book is likely to end up on the reading list of every serious student of China s position in the world for many years to come Daniel C Lynch author of China s Futures PRC Elites Debate Economics Politics and Foreign Policy This imaginative and provocative grand tour of Chinese cosmological order and geopolitical strategy past and present is destined to become a classic Ming Xia author of The People s Congresses and Governance in China Toward a Network Mode of Governance 2012-2013 College Admissions Data Sourcebook West Edition , *GIScience Teaching and Learning Perspectives* Shivanand Balram,James Boxall,2019-01-31 This volume uniquely links educational theories and the practice of GIScience in higher education contexts to guide classroom practice present effective practical implementations from peers and provide resources and strategies for effective teaching methods The book offers a comprehensive exploration of GIScience education including current trends and future educational needs in GIScience and will act as a resource to prepare learners for a world that demands more intensive investment in present day education and technological literacy Additionally the indirect benefit of merging the fragmented literature on GIScience literacy will provide a basis to examine common techniques and enable a new wave of research more rooted in learning theories In ten chapters the book is designed to attract an audience from geographic information systems science geomatics spatial information science cartography information technology and educational technology as focus disciplines
