

Guess Who...?

The Rules:

1. Students must wait until all the clues are read before they raise their hand to answer.
2. The first pair to raise their hand will be given the opportunity to answer.
3. If a pair raises their hand after the clues are read and has an incorrect answer then the pair who raised their hand second will be given a chance to answer, if they are incorrect then the third group to raise their hand will be able to answer, and so forth. If no other pair had raised their hand then the clues will be read again.
4. If the students are stuck on a question they can ask to see the picture of the animal and 2 points will reduce the point value of that card.
5. When the pair correctly guesses the animal they will be given the picture of the animal to place on the board in its category.
6. If the pair places the animal in its correct category on their first attempt they will receive 3 extra points. If they are wrong they can try again for 1 point.
7. The pair that correctly answers the previous question will get to pick the next question.
