Total Cost Management A Complete Guide - 2020 Edition Gerardus Blokdyk, 2020-01-19

How do controls support value? What relevant entities could be measured? What are the current costs of the Total Cost Management process? Have all of the relationships been defined properly? How can you negotiate Total Cost Management successfully with a stubborn boss, an irate client, or a deceitful coworker? Defining, designing, creating, and implementing a process to solve a challenge or meet an objective is the most valuable role. In EVERY group, company, organization, and department. Unless you are talking about a one-time single-use project, there should be a process. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, "What are we really trying to accomplish here?" And is there a different way to look at it? This Self Assessment empowers people to do just that, whether their title is entrepreneur, manager, consultant, Vice President, CxO, etc. They are the people who rule the future. They are the person who asks the right questions to make Total Cost Management investments work better. This Total Cost Management All-Inclusive Self Assessment enables you to be that person.
