

Unit 1.1 Key Concepts:

- Trade routes and international trade created wealth for the empires and societies involved. These trade routes also spread new technologies, crops, ideas, and culture from one region/group to another.
- As empires or states grew in size, they developed complex government systems in order to protect + conquer territory, manage trade, and maintain control over large populations.
- Innovative technologies allowed societies and empires to produce more crops, increase trade, travel further + faster, and acquire more knowledge about the world around them.
- Cultural beliefs and expectations change the way that a society is organized. Ideas about life, death, right vs. wrong, power, gender, and the natural world shape the daily practices and traditions of each region.
