Evolutionary Biology Max K. Hecht, 2013-11-11 The first volume of Evolutionary Biology was published eleven years ago. Since that time eleven volumes and one supplement have appeared. As stated in earlier prefaces we are continuing the focus of this series on critical reviews, commentaries, original papers, and controversies in evolutionary biology. It is our aim to publish papers primarily of greater length than normally published by society journals and quarterlies. We therefore invite colleagues to submit chapters that fall within the focus and standards of Evolutionary Biology.
