**University Access and Success** Merridy Wilson-Strydom, 2015-02-11 The challenge of widening access and participation in higher education in a manner that ensures students are successful in their studies is a major issue globally and a significant research focus within higher education studies and higher education policy Similarly the challenge of under preparedness of students entering

higher education has become increasingly pertinent as universities in both developed and developing countries struggle to improve their throughput rates in a context in which schooling no longer seems to provide sufficient preparation for entering university. In this book Merridy Wilson Strydom applies the capabilities approach to better understand university access and participation and draws on a rich case study from South Africa to critically and innovatively explore the complex and contradictory terrain of access with success. The book integrates quantitative and qualitative research with theory and practical application to provide a new framework for considering and improving the transition from school to university. *University Access and Success* will appeal to academics and researchers in the field of higher education internationally. The book also contributes to the growing body of international and comparative scholarship on the capabilities approach in higher education and will therefore be of value to higher education practitioners such as those working in the promotion of teaching and learning, higher education quality assurance, institutional research and student affairs.

*Women's Legal Landmarks* Erika Rackley, Rosemary Auchmuty, 2018-12-27 *Women's Legal Landmarks* commemorates the centenary of women's admission in 1919 to the legal profession in the UK and Ireland by identifying key legal landmarks in women's legal history. Over 80 authors write about landmarks that represent a significant achievement or turning point in women's engagement with law and law reform. The landmarks cover a wide range of topics including matrimonial property, the right to vote, prostitution, surrogacy and assisted reproduction, rape, domestic violence, FGM, equal pay, abortion, image-based sexual abuse and the ordination of women bishops, as well as the life stories of women who were the first to undertake key legal roles and positions. Together, the landmarks offer a scholarly intervention in the recovery of women's lost history and in the development of methodology of feminist legal history, as well as a demonstration of women's agency and activism in the achievement of law reform and justice.
