The Routledge Companion to International

Management Education Denise Tsang, Hamid H. Kazeroony, Guy Ellis, 2013-06-19 Crises and scandals in the world of international management have brought a new spotlight onto how the subject is taught studied and understood There has been a plethora of literature on international management but a lack of focus on how international management education IME can be shaped to respond to existing and future global business challenges The Routledge Companion to International Management Education gathers together contributors from academia industry and university administration involved in IME to introduce the domain of IME describe the emerging state in new geographical areas discuss the major issues and debates revolving around IME explore the linkage of technology and international management and shed light on the future of IME The diverse background of the contributors provides a global perspective that challenges the dominant Anglo American view with up to date specific insights originating from their indigenous view points which has often been neglected and inadequately covered The volume answers important questions such as Do we need a vision in IME What is the current state of IME How has IME grown in emerging market segments What roles does technology play in its recent development The volume provides thought provoking reading for educators administrators policy makers human resources professionals and researchers It will also give future international management students a glimpse of IME from a global inside out perspective
