

Dairy Farm

Lesson Plan

Independent working time (25 minutes)

- Set up different dairy centers.
- Put the grocery lists, glue, and paper plates in the sensory corner. Tell the students that today they will look for dairy items in the grocery ads. When they find dairy products, cut the products out for them.
- Have students glue the dairy products on a paper plate.
- Put the completed container of soap-making cream at the soap-making center.
- Have students have fun with the happy whapping game. No more butter. It should take about 10 minutes to finish depending on your students.
- Once the cream has solid, open up the container and sprinkle butter on cream or bread.
- Set up a "feeding station" in the third and final activity corner. Cut out the dairy products from grocery ads, and have kids take turns trying them.

Differentiation

- **Strategies:** Give students with more language skills a list of dairy items to look for, and allow them to cut and glue the pictures on their plate.
- **Support:** Find and cut out pictures of dairy products for students who need support. They can choose from this pile, and glue their choices on to their plate.

Assessment (5 minutes)

- To assess student understanding, answer whether or not students were able to label the different parts of the shared book to you. When they can't, answer learning comprehension questions.
- Did their students identify dairy products in the grocery ads?
- Show the vocabulary cards to the class and see what the students remember.

Review and Reading (10 minutes)

- Have the book available around each table of work or your new reader for students to review.
- Re-read the stories during centers and free time. Even if children are reading at the books by themselves, it will definitely show them what they've learned.
- Have the book available for students to look through.
