# THE GAME OF BLACKJACK

Blackjack, also known as Twenty-one, is one of the world's most popular casino games. In Blackjack, the dealer deals cards to seven players. These rules vary from casino to casino, but all versions of the game are based on the same principles. The goal is to get a 21 or closer to that value than the dealer.

Each time the dealer deals the cards, they receive a card. If the dealer has a 10 or 11, they must draw a card. If the dealer has a 12 or more, they must stand. The player's cards are dealt face up while the dealer's cards are dealt face down. One of the player's cards is turned face up to show the dealer's card.

Each time the dealer deals the cards, they receive a card. All the cards are dealt according to the player's and dealer's results. The game is known for its complex strategy, but it is also one of the easiest to learn. The goal of the game is to get a 21 or closer to that value than the dealer.
