Close Up Photography in Nature John and Barbara Gerlach, 2014-07-17 Capturing the grandeur of landscapes or mood of a certain natural light is challenging but often the simple details of a texture or color evade photographers most of all. In *Close Up Photography in Nature*, best selling authors and nature photography pros John and Barbara Gerlach share the tips and techniques necessary to successfully photograph the beauty all around you. The Gerlachs are celebrated teachers who understand a photographer's mind so they begin this book with a brief overview of the fundamentals before delving into some of the more advanced and unique challenges of close up photography. Topics covered include advanced flash techniques specific for close up shooting as well as a discussion on focus stacking strategies and tilt shift lenses for getting maximum depth of field. The Gerlachs also discuss their strategy of mixing flash with natural light when shooting close up which opens up all sorts of photographic possibilities: opening up shadows, creating shadows, separating the subject from the background, reducing contrast between the subject and the background, improving the color rendition, shooting sharper images and much more. This book will change the way you see the world as well as the way you share it through your work. *Outdoor Flash Photography* John Gerlach, Barbara Eddy, 2017-06-27 Maximizing the power of your camera's flash is difficult enough in a studio set up but outdoors literally presents a whole new world of challenges. John Gerlach and Barbara Eddy have taken the most asked about subject from their renowned photography workshops and turned it into this guidebook that is sure to inspire your next outdoor shoot while also saving you time and frustration. *Outdoor Flash Photography* covers a range of practices from portrait to landscape including unique strategies that the authors have pioneered through 40 years in the field. Mastering the use of multiple flashes to freeze action is shown through one of the most challenging subjects in nature: hummingbirds in flight. This book will benefit photographers of all experience levels who are eager to evolve their outdoor photography and get the most out of their equipment **Popular Photography**, 1996-02 *HWM*, Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in depth reviews
