Lourenço, Isabel, Major, Maria, 2015-07-01. Accounting has often been described as the language of business. As the increasing competition of overseas markets begins to affect even the smallest local companies, many more business professionals must become fluent in accounting principles and practice. Standardization of Financial Reporting and Accounting in Latin American Countries highlights the recent move to International Financial Reporting Standards (IFRS) and addresses some of the concerns raised due to cultural differences and the level of enforcement of these standards in separate countries. Describing the evolution of both financial and managerial accounting due to the adoption of IFRS, this book is an essential reference source for both students and seasoned professionals in the fields of accounting, finance and related management fields, especially those with an international emphasis.

Accounting under IndAS: An Illustrative Manual Santosh Maller, 2021-05-15. About the book: Ind AS transition has resulted in high quality, principles based, globally comparable financial reporting of large Indian companies. The transition not only impacted the financial results of companies but also caused far reaching consequential business impact. Since last two years there have been several changes in Ind AS, for example, amendments in the revenue recognition standard and new leases standard have drastically changed the performance reporting in the balance sheet composition of companies. Further, certain Ind AS principles are implicitly complex, for example, the accounting for financial instruments, acquisitions and business combinations are quite nuanced and can get difficult to apply without proper understanding. Towards this end, this book attempts to provide insights and in-depth analysis on interpretative issues and complex principles in the Ind AS standards. Ind AS contains extensive presentation and disclosure requirements. The relevant chapters extensively deal with these requirements with illustrative examples. To simplify the reading experience, the chapters include a brief, easy to understand summary of the relevant standard followed by Frequently Asked Questions (FAQs) on the chapter. Coronavirus COVID-19 has also resulted in widespread economic uncertainty and disruption of businesses. There have been far reaching

implications on financial reporting These circumstances would potentially present entities with several challenges when preparing their financial statements This Edition covers some of the key financial reporting implications by way of FAQs in related chapters that companies need to consider along with the possible approaches that they may consider to dealing with the same keeping in view the business objectives financial covenants and the accounting standards This book is intended to help the companies to identify Ind AS requirements that are relevant to them and evaluate various accounting policy choices available under Ind AS The disclosure related issues would be useful to benchmark with the Ind AS IFRS disclosures of major companies Currently there is limited literature of the Ind AS application issues This book endeavors to provide guidance on these issues The book would be an immensely useful referencer for professionals practitioners and corporates **Manual of Accounting** PricewaterhouseCoopers (Firm),2012 *PwC Manual of Accounting IFRS for the UK 2013 Pack* PricewaterhouseCoopers (Firm),2012 Manual of Accounting PricewaterhouseCoopers (Firm),2012 A practical 2 volume guide to International Financial Reporting Standards providing comprehensive guidance on the IFRSs issued by the International Accounting Standards Board
