Learning to teach in post-apartheid South Africa Yusuf Sayed, Nazir Carrim, Azeem Badroodien, Zahraa McDonald, Marcina Singh, 2018-11-28 Teacher education programmes seek to provide student teachers with the knowledge and expertise to provide quality teaching and learning in a diverse and challenging school context Learning to Teach in post apartheid South Africa Student Teachers Encounters with Initial Teacher Education addresses the complexities of teacher education programmes in preparing students to teach It adds to the knowledge about teacher education contributing critical understanding of education and the schooling system The book provides important insights to deepen researchers academics teacher education providers policy makers and students understanding of the importance to

address equity redress and quality in South African education in a post apartheid era This book further helps to build student teachers capacities to work creatively and to become active and critical agents of transformation It ultimately outlines the challenges face in designing and delivering successful Initial Teacher Education programmes and the impact this has on delivering equitable and quality education

Knowledge Beyond Colour Lines Monwabisi K. Ralarala, Salochana Lorraine Hassan, Rajani Naidoo, 2021-05-25 Knowledge remains timely in education The need for academics to contemplate its relevance worth use and everything in between deems a continuous intellectual project rather than a conundrum to be solved This book takes the South African context by the horns as it challenges the often dormant and traditionalist ways in which higher education spaces see knowledge Through original research and the voices of academics and students this book argues for repurposing knowledge generation knowledge sharing and critical pedagogy so that more inclusive teaching and learning environments can be both imagined and sustained The contentious tensions that this creates for LoLT and SoTL in particular are unlocked so as to trouble the South African higher education landscape with the intent to proffer alternative pathways for a knowledge beyond colour lines Prof Shan Simmonds PhD NWU This edited volume bristles with fresh scholarly approaches and insights of an emergent generation of engaged scholars grappling with the issues and problems of higher education in South Africa The issues dealt with here are varied and encompassing They are treated with intellectual delicacy and probing sensitivity articulating informed data and bold conclusions They serve well Prof Kwesi Kwaa Prah Emeritus Professor of Sociology University of the Western Cape Founder of the Centre for Advanced Studies of African Society

Open Learning as a Means of Advancing Social Justice Tabisa Mayisela, Shanali Govender, 2024-01-23 This volume investigates the uptake of open learning in South African Technical Vocational Education and Training TVET colleges and higher education institutions Comprised of 16 studies focused on activities at a range of colleges and universities across the country these chapters aim to promote a better understanding of open learning practices across the Post School Education and Training PSET sector including issues such as recognition of prior learning access for students with disabilities work integrated learning professional development novel student funding mechanisms leadership for open educational practices institutional culture student support blended and online learning flexible learning online assessment open educational resource development models and funding and micro credentials This collection of peer reviewed chapters contributes to understanding the ways in which South African PSET institutions and educators are interpreting open learning as a means of advancing social justice It includes a historical and contemporary understanding of the economic cultural and political obstacles facing PSET drawing on Nancy Fraser's theory of social justice as participatory parity to better understand the ways in which open learning may address systemic social injustices in order to allow South African students and educators to thrive This volume emerges from research conducted by the Cases on Open Learning COOL project an initiative by the Department of Higher Education and Training in partnership with the Centre for Innovation in Learning and Teaching CILT

at the University of Cape Town UCT in South Africa *Social Justice and Education in the 21st Century* Willie Pearson Jr., Vijay Reddy, 2021-04-10 The world is not an equal place There are high and low income countries and high and low income households For each group there are differential educational opportunities leading to differential educational outcomes and differential labor market opportunities This pattern often reproduces the privileges and inequalities of groups in a society This book explores this differentiation in education from a social justice lens Comparing the United States and South Africa this book analyzes each country's developmental thinking on education from human capital and human rights approaches in both primary and higher education The enclosed contributions draw from different disciplines including legal studies sociology psychology computer science and public policy *The Youth Dividend* Jan H. Hofmeyr, 2012 **Accessing Post-School Studies** Venicia McGhie & Madge du Preez, 2017-12-01 Accessing Post School Studies A student's GPS to successful learning makes a valuable contribution to often problematic and pertinent South African higher education issues such as student access and success student learning student support and student engagement In this regard the authors draw on the works of higher education theorists such as Kuh Tinto Marton and Sij The book is primarily a helpful resource for South African learners in school students at universities life orientation teachers as well as parents of prospective university students It will especially assist students to adapt to the university environment Prof Victor N Teise Sol Plaatje University Kimberley South Africa *From School to Higher Education?* Michael Cosser, Jacques Du Toit, 2002 This substantive report is essential reading for those involved in higher education planning and policy making **Practical Wisdom and Resilience Overcoming Downside Risk** Kazuyo Hanai, Rangarirai Gavin Muchetu, Laban Kithinji Kinyua, Yoichi Mine, 2025-05-24 This book classifies and assesses the real and perceived risks associated with both the Covid 19 pandemic and government responses to it in seven African countries DR Congo Kenya Ethiopia South Africa Tanzania Uganda and Zimbabwe based on large scale quantitative and qualitative surveys conducted in 2022 2024 It also elucidates the people's resilience in overcoming the risks within their political social and cultural context Although research on COVID 19 has been conducted in various fields particularly in the medical field the analytical perspective of this book is unique COVID 19 prevention policies are considered to have seriously increased other risks such as hunger other infectious diseases interruption of education and various types of human rights violations including increased conflict violence against civilians and political abuse Therefore this book argues that COVID 19 prevention policies as well as the pandemic itself should be regarded as the downside risk that triggers the deterioration of the other potential risks to vulnerable people Depicted here is the account of how trust in government community and family within the existing political social and cultural environment created pandemic politics as elections during the pandemic instrumentalized and politicized government prevention measures Economic distress threatened people's lives more than COVID 19 during lockdowns and severe behavioral restrictions and the spread of misinformation discouraged people from being vaccinated This book will be useful to policy

makers and practitioners in international society who are preparing for the next pandemic based on the lessons learned from the COVID 19 pandemic *Flight of the Flamingos* Michael Kahn,2004 Over the past four decades South Africa has experienced a significant outflow of research and development R D workers a mobility trend that this pioneering study analyzes to address the troubling loss of science engineering and technology knowledge that South Africa is currently facing
