Excerpt: My whole body spasmed as if every muscle from toe to neck had been hit by an electric current. I thrashed in my chair, bucking wildly as a warming sensation hammered up from my stomach and out through my arms and legs. My hands clutched at the arms of the chair, my feet slammed down hard on the floor, and I let out a startled gasp as my whole body began to shake and vibrate. I heard my wife give a plaintive moan from beside me, and I managed to crane my neck with monumental effort and watch as Tricia bucked and gyrated in her own chair. And she began to change. My eyes flew wide in shock and disbelief as my wife's body shifted before my gaze. Her hair shortened, changing color as it swept upward. Her arms thickened, the shirt she wore suddenly growing tight around heavy muscle that strained at the fabric. Her face shifted as her jaw squared. I swore I could hear bone popping and flesh slithering as her chest flattened. I opened my mouth to swear, to shout, to do anything, but all that came out was a low moan as my own body began to shift and swirl about me. I watched as my fingers and wrists narrowed, growing delicate and more defined. My chest swelled, pressing against the t-shirt I'd worn to the office, as breasts grew within. Hair blossomed down along my shoulders, fine and luxurious, bobbing in time with my body's thrashing. We both stopped writhing at almost the exact same moment, dropping back into our seats with heavy panting breaths at the same time. My hands trembled as I held them up before my face. They were a woman's hands. Holy crap. Not entirely sure I wanted to, I turned to face my wife. A handsome man stared back at me with wide, frantic eyes, wearing my wife's clothes. There we go. Christina said cheerfully, sliding from her desk. Now we can start. What did you do? I said. My voice was sweet and melodious. I cut off, blinking in confusion. Oh wow. That was crazy. The best way to break through your blocks is to see things from the other side, the doctor said. Experience sex as your polar opposite. With myself as your guide, of course.

Passion, Humiliation, Revenge Lapidus, 1955-01-01. This book reveals the phenomenon in Russian prose in which a male protagonist finds himself perpetuating a cycle of passion, humiliation, and revenge within his relationships with women. By examining the mental and emotional state of the male protagonist who finds himself in a sexual situation, Rina Lapidus explores how his passion for a woman leads the man into an encounter that causes him humiliation and ends up eliciting a powerful desire on his part to punish the woman who initially arouses his erotic feeling. The male protagonist directs his fury at the woman seeking vengeance because of the shame he has suffered. Lapidus shows how the man sees himself as a highly spiritual being and finds it difficult to come to terms with his sexual nature. The

author argues that this denial of desire leads the man to take out his frustration with himself on the woman projecting all of his faults and guilt onto her When the woman brings the male protagonist low his thirst for revenge becomes a powerful driving force in his life that eventually brings about his downfall This book will be of interest to those studying in the areas of Russian literature psychology and gender studies To Gender or Not to Gender Margaret J. underappreciated transatlantic intellectual exchange in which an African American writer used notions of emancipation in religious as well as racial terms linking the plight of blacks in America to that of Jews in Europe and to the larger battles for freedom and nationhood advancing across the continent This book will appeal both to general readers and to scholars including historians literary critics and specialists in African American studies Jewish Catholic or religious studies multilingual American literature francophone literature theatrical life nineteenth century European politics and cross cultural encounters

Gender and the Media Rosalind Gill, Rosalind Clair Gill, 2007 Written in a clear and accessible style with lots of examples from Anglo American media Gender and the Media offers a critical introduction to the study of gender in the media and an up to date assessment of the key issues and debates Eschewing a straightforwardly positive or negative assessment the book explores the contradictory character of contemporary gender representations where confident expressions of girl power sit alongside reports of epidemic levels of anorexia among young women moral panics about the impact on men of idealized representations of the six pack but near silence about the pervasive re sexualization of women s bodies along with a growing use of irony and playfulness that render critique extremely difficult The book looks in depth at five areas of media talk shows magazines news advertising and contemporary screen and paperback romances to examine how representations of women and men are changing in the twenty first century partly in response to feminist queer and anti racist critique Gender and the Media is also concerned with the theoretical tools available for analysing representations A range of approaches from semiotics to postcolonial theory are discussed and Gill asks how useful notions such as objectification backlash and positive images are for making sense of gender in today s Western media Finally Gender and the Media also raises questions about cultural politics namely what forms of critique and intervention are effective at a moment when ironic quotation marks seem to protect much media content from criticism and when much media content from Sex and the City to revenge adverts can be labelled postfeminist This is a book that will be of particular interest to students and scholars in gender and media studies as well as those in sociology and cultural studies more generally
