Howard K. Butler, 1991 The Iraqi invasion of Kuwait on August the 2nd 1990 and the resultant decision by the President to deploy land air and naval forces to protect Saudi Arabia and the United Arab Emirates led since August the 8th 1990 to a steady measured commitment of soldiers sailors airmen and supporting equipment to Southwest Asia That commitment which began approaching its apparent apex by early November suddenly broadened on the 8th of that month when the President expanded the original defensive objective to entail the liberation of Kuwait His policy addendum called for doubling the 200 000 men in Southwest Asia to about 400 000 and he gave Iraq a January the 15th 1991 deadline to quit Kuwait or face massive military force Overall American policy in this matter could therefore be considered roughly three phased one the original defensive deployment of 200 000 strong August 8 November 8 1990 two the reinforcement to attack strength of about 400 000 November 8 1990 to January 15 1991 and three January 16 1991 to February 27 1991 war
