

5-Minute Guided Meditation Script

Begin by finding a comfortable position on a cushion or a chair, with your back straight and your feet firmly planted on the ground. Close your eyes gently and bring your attention to your breath. Take a deep breath, fill your lungs, and slowly exhale, releasing any tension or stress you may be holding onto. Let's begin our meditation practice.

As you continue to breathe, feel the sensation of the breath entering and leaving your body. Notice the coolness of the air as you inhale and the warmth as you exhale. Let your breath become your anchor, grounding you in the present moment.

Now, shift your attention to your body. Begin by relaxing your forehead and letting go of any tension you may be holding. Allow your eyebrows to soften, and feel your facial and jaw muscles relax. Let go of any tightness or clenching in your jaw, and let your tongue rest gently on the roof of your mouth.

Bring your awareness to your neck and shoulders. Notice if there is any tightness or discomfort, and with each exhale, release that tension, allowing your shoulders to drop away from your ears. Feel a sense of ease and relaxation spreading throughout your upper body.

Now, bring your attention to your arms and hands. Become aware of any sensations you may feel in these areas. Perhaps you can feel the weight of your hands resting in your lap or the gentle touch of your fingertips against each other. Allow any tension or tightness to dissolve, and feel a sense of lightness in your arms.

Now, shift your awareness to your chest and abdomen. Notice your breath's gentle rise and fall as your lungs expand and contract. As you breathe in, imagine that you are breathing in a sense of peace and calm. And as you exhale, let go of any stress or worries you may be carrying. Feel your body relaxing with each breath, becoming more and more at ease.
