Guided Reading Chapter 2section The Cold War At Home:

On Endings Daniel Grausam, 2011 What does narrative look like when the possibility of an expansive future has been called into question This query is the driving force behind Daniel Grausam's *On Endings* which seeks to show how the core texts of American postmodernism are a response to the geopolitical dynamics of the Cold War and especially to the new potential for total nuclear conflict Postwar American fiction needs to be rethought he argues by highlighting postmodern experimentation as a mode of profound historical consciousness In Grausam's view previous studies of fiction mimetically concerned with nuclear conflict neither engage the problems that total war might pose to narration nor take seriously the paradox of a war that narrative can never actually describe Those few critical works that do take seriously such problems do not offer a broad account of American postmodernism And recent work on postmodernism has offered no comprehensive historical account of the part played by nuclear weapons in the emergence of new forms of temporal and historical experience *On Endings* significantly extends the project of historicizing postmodernism while returning the nuclear to a central place in the study of the Cold War

The Vietnam War from the Rear Echelon Timothy J. Lomperis, 2023-04-21 Timothy Lomperis knows the Vietnam War both as a soldier and as a scholar In the latter role he has published extensively including *The War Everyone Lost and Won* hailed as one of the best books ever written on that conflict Even though he served two tours in country during the war's most frustrating period from the infamous Easter Invasion through the Paris Peace negotiations this is the first time he has written about the war from such a personal perspective An intelligence officer at the Military Assistance Command Vietnam MACV Lomperis and his comrades were tasked with translating Washington war policy into action Lomperis provides a rare view of the war from the perspective of a rear echelon officer He and other so called REMFs were deeply involved in trying to devise and implement strategies that would win the war This largely neglected perspective takes center stage in Lomperis's memoir presenting a seldom seen midlevel perspective that provides the missing links between the Washington Hanoi peace negotiations and the deadly battles between troops in the field In exposing the inner workings of a military headquarters during wartime Lomperis recounts the tensions of a command caught between the political imperatives of Washington and the deteriorating military situation on the ground Involved in the planning and execution of Nixon's 1972 Christmas Bombing Campaign designed to push the North Vietnamese into peace negotiations Lomperis sheds new light on Nixon's secret plan to end the war while offering rare glimpses of military operations and decision making on the ground in Saigon Giving color to the REMF story he also offers a portrait of life in wartime Saigon writing with genuine respect for and curiosity about Vietnamese culture And ultimately he describes his own moral conundrum as the son of missionaries and an initial Cold Warrior who undergoes a gradual disillusionment that resolves into peaceful reconciliation This incisive memoir is essential for better comprehending what the Vietnam experience was like for the large contingent of Americans who served there It suggests the need for some fundamental rethinking about

Vietnam not only for the war's veterans but also for those concerned with the lessons it carries for U.S. involvement in current insurgencies **A Cold War Tourist and His Camera** Martha Langford, John Langford, 2011-01-27 Martha Langford and John Langford examine their father's apparently innocuous photographic experience revealing the complexity of both the images and their creator An intelligent and personal look at the ways that the historical and the private are represented and remembered A Cold War Tourist and His Camera stages the family slide show as you've never seen it before
