MACKAY, 2019-06-13 Scotland has been a proudly independent country for centuries But success has now turned sour Malcolm Mackay's remarkable novel of crime and corruption is set in a brooding rain swept Scottish city that is compellingly different from the one we think we know The Scottish city of Challaid is a corruption riddled place where people frequently go off the radar So when PC Vinny Reno discovers his ex wife Freya has disappeared he turns to private detectives Darian Ross and Sholto Douglas Their search will lead them to a collision between Freya and a wealthy banking family But it also leads to more questions What does Freya s disappearance have to do with a year old murder case What is the involvement of a young man who never leaves his house As they dig deeper into the past Darian and Sholto realise they must stand against the most powerful people in the city if they are to unearth the truth **Motion Picture Almanac** ,1991 International Television Almanac Richard Gertner.1984-12 **International Television Almanac**, 1967 **International Motion Picture Almanac**, 1967
