THE I HATE TO WRITE GUIDE TO COLLEGE LEVEL ESSAYS 4 IN 1 does not replace the required text books in English Composition courses but it does explain how to write an essay at this level without using academic words like thesis. I never understood what that meant when I was an undergraduate so I don't expect everyone to know what it means but I do explain what it is in regular language. The four volumes grouped together here have appeared in e-book form but never as a print copy. It was probably past time to offer another option. The reason I wrote BASIC ESSAY BOOK CRITIQUE and RESEARCH PAPER is that they were the first essays students were required to write not just in composition class but in other courses. CHOOSING A TOPIC is something that has boggled many a mind. These are my guidelines and enough students told me that the way I detailed essay requirements finally allowed the light bulb moment of understanding the process to be lit for them. Hopefully you'll find something helpful too. **Teaching**
