PROFIBUS Manual Max Felser, 2012-08-09 In the last 20 years I have been personally involved with PROFIBUS teaching it at the University working on projects and leading workshops for industry During this time various descriptions and guides to different aspects of PROFIBUS were developed I was helped in this by the contacts I had with industry and a range of experts in my capacity as chairman of PROFIBUS Switzerland and head of the PROFIBUS Competence Centre PICC at the Bern University of Applied Sciences I have now brought these documents together in the form of a manual Its purpose is to simplify entry to the world of PROFIBUS for a wider public Now I generated an electronic book version with active links for the usage on iPad or Android tablet computers
