The Caucasian chalk circle- Bertolt Brecht

In the play, “the Caucasian Chalk circle, Azdak has been depicted as a ‘fair judge’ discuss the truth of this statement.

Introduction: who is Azdak?

He is the village scribe (recorder) and occasionally steals chicken and rabbits. He is turned into a judge by circumstances.pg 73,69,70,71,72. Azdak is depicted as a contradictory and controversial judge why? He identifies with the lowly (poor)of his society and so makes controversial judgment in favour of the poor , in a comical and witty manner.

In the first case pg 75,76. In his ruling on the case of the invalid against the doctor who not only operated on a patient for free but also treated the wrong leg. He charges the doctor for professional negligence but acquits him as punishment.

The invalid claims that he gave the doctor money for his studies. So far the doctor had not paid back a cent. It was when he (the invalid) had that he was treating a patient for free that he had his stroke.

The invalid’s reasoning is ridiculous and laughable but Azdak’s ironical twist of judgment gives us insight into serious issues of the doctor’s character that is; being unprofessional, selfish and ungrateful to a man who had sacrificed his money to educate him.
