

MF 560 GIANT ROUND BALER

Take more work out of baling with the 560

Dicker® 75-pound bales by hand can be back-breaking work. But the new MF 560 Giant Round Baler turns out firm, fully-packed 1,500-pound bales that you can handle with no sweat. Just team the MF 560 Baler with the MF Round Bale Carrier and you have the most modern, labor-saving baling or crop residue system going. Check these outstanding MF 560 features:

- **Proven, simple design.** The MF 560 is designed and built with simplicity and ruggedness to keep baling more every hour for many years. Sealed "industrial quality" anti-friction bearings are widely used.
- **Lower forming rolls** are simpler and more dependable than competition's wide bottom belts. Expensive belt replacement is eliminated. There are no studded bottom chains to puncture bales.

Slip clutch protection against damage to drive-line; annoying shear-bolts are eliminated.

- **Upper belt drive roller** is standard rubber faced for more positive belt traction.
- **Open end pickup** sweeps big, boxy 5' windows into the MF 560 with less tangling.
- **Better Rotation.** The heavy-duty MF 560 weighs about 3½ tons loaded. Wide rotation 11L x 15 implement tires keep the MF 560 on top of greasy and soggy fields.
- **High capacity.** The MF 560s speed and capacity will help you get all of the hay crop put up, not just a portion of it, ahead of those rapidly approaching rain showers.
