Schantz,2008-11-23 This volume contains the proceedings of the International Middleware Con rence held in Leuven Belgium  
during December 1 4 2008 This year marked the ninth rendition of this annual conference in its current format initially opted  
in 1998 aspiring to serve as the premier venue focusing exclusively on important middleware results A lot has happened over  
the intervening 10 year span Middleware has become pervasive in an increasinglyinterconnected world with its concepts now  
securely embedded in the notional architectures driving forward the information age The conference continues to be a focal  
point for important new initiatives and results for new generations of middleware With each succeeding year it has become  
an even more competitive publishing venue further extending its selectivity this year as well Of the 117 submissions ly 21  
were able to receive acceptance invitations for an acceptance rate of less than18% Competitiveindeed Additionally  
thesesubmissionscontinuetocome from all over the globe spanning authors from 23 countries A truly world wide endeavor  
But other things have also changed as we turn the corner on the rst decade of this conference In many ways middleware has  
achieved signi cant success where it really counts in terms of technical innovations advanced capabilities successful ideas  
and elded systems which permeate society industry gov nment and academia With this success comes maturity      *War
