Educating for Sustainability in Primary Schools Neil Taylor, Frances Quinn, Chris Eames, 2015-06-17

Education for Sustainability is a key priority in today's schools as our society seeks to find a balance between environmental social cultural political and economic imperatives that affect our future As young children will become the next generation of adults it is vital that they are educated about sustainability issues so that they can learn to make informed decisions and take positive action for a sustainable world Teachers are ideally placed to educate for sustainability issues and indeed have a responsibility to do so However they often lack support and experience in this area and constraints of current curriculum priorities can inhibit Education for Sustainability being taught effectively in many classrooms Educating for Sustainability in Primary Schools Teaching for the Future addresses this problem by showing how Education for Sustainability can be developed within and across all areas of the primary curriculum in the Australian and New Zealand contexts The book provides a range of educational approaches and examples of activities to support teachers in addressing national requirements for teaching the major primary curriculum learning areas while simultaneously educating for sustainability This integrative approach to primary education can promote knowledge of positive attitudes towards and suitable action for sustainability in relevant meaningful enjoyable and creative ways This book is a valuable resource for all primary teachers who wish to make a real difference to educating children for the future

Describing Learning Australian Council for Educational Research, 1997 Major changes in the emphases of education programs in Australian schools have occurred since 1986 The states and territories collaborated to define the general content for a national curriculum in eight key learning areas At the same time they developed a common framework for describing what students have learned in relation to that curriculum This report presents a comprehensive picture of the key people decisions events problems and successes as the states and territories embarked on making the new outcomes based approach a reality for teachers and students The book contains a detailed chapter from each state and territory education system results from a 1996 national survey of principals and teachers commentary and insights collected from teachers during school visits and evidence and examples of best practice implementation strategies

A Critical History of Health, Sport, and Physical Education Michelle Gorzanelli, Jorge Knijnik, 2025-07-01 This book fills a gap in literature by generating a combined history of Physical Education PE School Sport SS and Health Education HE in New South Wales NSW public schools from 1880 to 2024 It includes broad discussions on how political issues such as the World Wars influenced i the PE curriculum which was used as a medium to prepare a fit army ii the school sport system which acted as an expression of national strength via showcasing sporting prowess on the international stages of the Olympic Games and iii the health education curriculum which addressed infectious diseases resulting from poor hygiene associated with poverty The book also adopts a socio cultural perspective to the constructs of PE SS and HE curricula and highlights significant local national and international historical events and issues

as factors driving curriculum developments and paradigm shifts in these subjects in the NSW public education and beyond It brings new and engendering socio historical findings to the discipline fields of PE SS and HE combined with an innovative methodology in critical historiographical studies **Access** ,1995 **Connect.edu** ,1997 *Who's who in the West* ,1985
