Human Biology Sylvia S. Mader, 2000 This best selling text emphasizes the relationship between humans and other living things. Intended for an introductory course, this text provides students with a firm grasp of how their bodies function and how the human population can become more fully integrated into the biosphere. An Online Learning Center tied directly to the text via icons will direct students to activities or animations that give a visual example of difficult processes as well as Working Together boxes to emphasize homeostasis.

Human Biology Sylvia S. Mader, Terry Damron, 2007-04
The Laboratory Manual to accompany Sylvia Mader's Human Biology reflects all of the exceptional features of the Human Biology text. Instructors appreciate the refined exercises that are so numerous you won't need to look anywhere else for student activities. Author Sylvia Mader's writing in the laboratory manual just as in the text emphasizes clarity with carefully worded study questions that are direct in their intent and purpose. The lab manual's accessible writing accompanies unparalleled illustrations to provide students with clear exercises and questions. The visuals have been updated to be even easier for students, both majors and non majors, to comprehend. The dramatic illustrations and photographs not only help students understand concepts and process but also give them an appreciation for the beauty of organisms and biological structure.

McGraw Hill's Biology Digitized Video Clip on the accompanying DVD will capture students' interest while illustrating key biological concepts and processes.
