Transatlantic Anarchism during the Spanish Civil War and Revolution, 1936-1939 Morris Brodie,2020-04-08 Between 1936 and 1939 the Spanish Civil War showcased anarchism to the world News of the revolution in Spain energised a moribund international anarchist movement and activists from across the globe flocked to Spain to fight against fascism and build the revolution behind the front lines Those that stayed at home set up groups and newspapers to send money weapons and solidarity to their Spanish comrades This book charts this little known phenomenon through a transnational case study of anarchists from Britain Ireland and the United States using a thematic approach to place their efforts in the wider context of the civil war the anarchist movement and the international left

Anarchist Seeds beneath the Snow David Goodway,2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

Chomsky on Anarchism Noam Chomsky,Barry Pateman,2010-09-08 We all know what Noam Chomsky is against His scathing analysis of everything that s wrong with our society reaches more and more people every day His brilliant critiques of among other things capitalism imperialism domestic repression and government

propaganda have become mini publishing industries unto themselves But in this flood of publishing and republishing very little ever gets said about what exactly Chomsky stands for his own personal politics his vision of the future Not that is until Chomsky on Anarchism a groundbreaking new book that shows a different side of this best selling author the anarchist principles that have guided him since he was a teenager This collection of Chomsky s essays and interviews includes numerous pieces that have never been published before as well as rare material that first saw the light of day in hard to find pamphlets and anarchist periodicals Taken together they paint a fresh picture of Chomsky showing his life long involvement with the anarchist community his constant commitment to nonhierarchical models of political organization and his hopes for a future world without rulers For anyone who s been touched by Chomsky s trenchant analysis of our current situation as well as anyone looking for an intelligent and coherent discussion of anarchism itself Chomsky on Anarchism will be one of this season s most exciting and surprising reads
