Storytelling in Early Twentieth Century Adaptation Alexis Weedon,2021-06-18 This book explores the significance of professional writers and their role in developing British storytelling in the 1920s and 1930s and their influence on the poetics of today s transmedia storytelling Modern techniques can be traced back to the early twentieth century when film radio and television provided professional writers with new formats and revenue streams for their fiction The book explores the contribution of four British authors household names in their day who adapted work for film television and radio Although celebrities between the wars Clemence Dane G B Stern Hugh Walpole and A E W Mason have fallen from view The popular playwright Dane witty novelist Stern and raconteur Walpole have been marginalised for being German Jewish female or gay

and Mason's contribution to film has been overlooked also. It argues that these and other vocational authors should be reassessed for their contribution to new media forms of storytelling. The book makes a significant contribution in the fields of media studies, adaptation studies and the literary middlebrow. *JUDGES: Volume Two* Michael Carroll, Maura McHugh, Joseph Elliott-Coleman, 2020-05-26 UNITED STATES OF AMERICA 2041 A.D. Eustace Fargo's new justice system has been in effect for eight years. The old days of waiting times and backlogs are over; judgement is quick and sentencing is instantaneous. The old police academies have all shut down and the new order is triumphant. But are things any better? Unrest is worse than ever. Criminals are more likely to kill rather than be caught. There's a war coming for the streets. **Cultural Legal Studies of Science Fiction** Alex Green, Mitchell Travis, Kieran Tranter, 2024-10-28 This book presents and engages the world-building capacity of legal theory through cultural legal studies of science and speculative fictions. In these studies the contributors take seriously the legal world-building of science and speculative fiction to reveal, animate and critique legal wisdom, jurisprudence. Following a common approach in cultural legal studies the contributors engage directly and in detail with specific cultural texts: novels, television films and video games in order to explore a range of possible legal futures. The book is organized in three parts: first the contextualisation of science and speculative fiction as jurisprudence; second the temporality of law and legal theory; and third the analysis of specific science and speculative fictions. Throughout the contributors reveal the way in which law as *nomos* builds normative universes through the narration of a future. This book will appeal to scholars and students with interests in legal theory, cultural legal studies, law and the humanities and law and literature. **Utopia and Dystopia in the Age of Trump** Barbara Brodman, James E. Doan, 2019-06-04 *Utopia and Dystopia in the Age of Trump: Images from Literature and Visual Arts* treats literature, film, television series and comic books dealing with utopian and dystopian worlds reflecting on or anticipating our current age. From Henry James's dreamlike utopia of *The Great Good Place* to the psychotic world of Brett Easton Ellis's *American Psycho* from science fiction and recent horror films, television adaptations of books such as Margaret Atwood's *The Handmaid's Tale* and new series such as *Black Mirror* to the repressive Hitlerian dystopia of Katherine Burdekin's *Swastika Night*, the contributors examine the development of scenarios that either prefigure the rise of individuals such as Donald J. Trump or suggest alternatives to them. Ultimately one might say of the worlds presented here: viewed from different social and political perspectives, one person's utopia is another's dystopia. This is the fifth in a series of books edited by Barbara Brodman and James E. Doan and published by Rowman Littlefield with Fairleigh Dickinson University Press. *The Universal Vampire: Origins and Evolution of a Legend and Images of the Modern Vampire* The Hip and the Atavistic both in 2013 focused on the vampire legend in traditional and modern thought. *The Supernatural Revamped: From Timeworn Legends to Twenty First Century Chic* 2016 examined a range of supernatural beings in literature, film and other forms of popular culture. *Apocalyptic Chic: Visions of the Apocalypse and Post Apocalypse in Literature and Visual Arts* 2017 dealt with legends and images of the apocalypse and post-apocalypse in film and graphic

arts literature and lore from early to modern times and from peoples and cultures around the world *Judge Dredd: Year One* Michael Carroll, Al Ewing, Matt Smith, 2014-10-28 Mega City One 2080 Judge Joe Dredd's first year on the streets as a full eagle Judge Bred for justice trained in law Dredd's no helpless rookie but he's not the seasoned veteran we know either Three tales follow the first adventures of the future city's greatest lawman With an introduction by the Mighty Tharg CITY FATHERS The brutal murder of a Justice Department sanctioned spy uncovers something new and dangerous in the sector's murky black market Unless Dredd can stop it chaos will be unleashed COLD LIGHT OF DAY A savage killing spree results in the deaths of two highly regarded Judges and many consider Dredd to be responsible a decision he made five years earlier while he was still a cadet has come back to haunt him WEAR IRON Wear iron that's the rule Paul Strader is a stick up man and a stone cold professional But when he gets in over his head he has to risk everything on the word of a corrupt lawman and break every rule he has Every rule but one **JUDGES: Volume Three** Michael Carroll, C.E. Cinefantastique, 2003

The Comic Book Western Christopher Conway, Antoinette Sol, 2022-06

2023 Ray and Pat Browne Award for Best Edited Collection in Popular and American Culture

One of the greatest untold stories about the globalization of the Western is the key role of comics. Few American cultural exports have been as successful globally as the Western, a phenomenon commonly attributed to the widespread circulation of fiction film and television. *The Comic Book Western* centers comics in the Western's international success. Even as readers consumed translations of American comic book Westerns, they fell in love with local ones that became national or international sensations. These essays reveal the unexpected cross pollinations that allowed the Western to emerge from and speak to a wide range of historical and cultural contexts including Spanish and Italian fascism, Polish historical memory, the ideology of shōjo manga from Japan, British post-apocalypticism and the gothic race and identity in Canada, Mexican gender politics, French critiques of manifest destiny and gaucho nationalism in Argentina. The vibrant themes uncovered in *The Comic Book Western* teach us that international comic book Westerns are not hollow imitations but complex and aesthetically powerful statements about identity, culture and politics.

The Superhero Multiverse Lorna Piatti-Farnell, 2021-11-01

The Superhero Multiverse focuses on the evolving meanings of the superhero icon in 21st century film and popular media with an emphasis on re-adapting, re-imagining and re-making. With its focus on multimedia and transmedia transformations, *The Superhero Multiverse* pivots on two important points: firstly, it reflects on the core concerns of the superhero narrative including the relationship between superhero comics and superhero films, the comics roots of superhero media, matters of canon and hybridity and issues of recycling and stereotyping in superhero films and media texts. Secondly, it considers how these intersecting textual and cultural preoccupations are intrinsic to the process of remaking and re-adapting superheroes and brings attention to multiple ways of materializing these iconic figures in our contemporary context.
