How Parties Experience Mediation Timea Tallodi,2019-10-22 This book presents an unprecedented qualitative research study on relational changes in mediation with a truly interdisciplinary outset drawing on the literature on psychology alternative dispute resolution and business Mediation s potential to induce changes in parties relationships as an advantage of the process is commonly mentioned in the literature

However despite its being a key to reconciliation relational changes in mediation has not yet been a topic of foundational and fine grained qualitative enquiry As the first study in the literature this research uses in depth interviews with mediation parties and the qualitative methodology of interpretative phenomenological analysis in order to explore participants lived experiences The phenomenological stance ensures a particularly rich data set and a nuanced interpretative analysis This pioneering piece of research seeks to enter mediation parties true experiences as closely as possible moving beyond pre existing theoretical quantitative and large scale qualitative explorations The themes are discussed in the context of theory research and practice Therefore this book advances knowledge about mediation both in theoretical and practical terms Innovative conclusions and recommendations are provided for developing mediation practice mediation training programmes and further research

International Law's Invisible Frames Andrea Bianchi, Moshe Hirsch, 2021-09-23 What is international law and how does it work This book argues that our answers to these fundamental questions are shaped by a variety of social cognition and knowledge production processes These processes act as invisible frames through which we understand international law To better conceive the frames within which international law moves and performs we must understand how psychological and socio cultural factors affect decision making in an international legal process This includes identifying the groups of people and institutions that shape and alter the prevailing discourse in international law and unearthing the hidden meaning of the various mythologies that populate and influence our normative world With chapters from leading experts in the discipline employing insights from sociology psychology and behavioural science this book investigates the mechanisms that allow us to apprehend and intellectually represent the social practice of international law It unveils the hidden or unnoticed processes by which our understanding of international law is formed and helps readers to unlearn some of the presuppositions that inform our largely unquestioned beliefs about international law
