Native Title Report 2005:

Beyond Communal and Individual Ownership Leon Terrill, 2015-10-05 Over the last decade Australian governments have introduced a series of land reforms in communities on Indigenous land This book is the first in depth study of these significant and far reaching reforms It explains how the reforms came about what they do and their consequences for Indigenous landowners and community residents It also revisits the rationale for their introduction and discusses the significant gap between public debate about the reforms and their actual impact Drawing on international research the book describes how it is necessary to move beyond the concepts of communal and individual ownership in order to understand the true significance of the reforms The book's fresh perspective on land reform and careful assessment of key land reform theories will be of interest to scholars of indigenous land rights land law indigenous studies and aboriginal culture not only in Australia but also in any other country with an interest in indigenous land rights

Comparative Perspectives on Communal Lands and Individual Ownership Lee Godden, Maureen Tehan, 2010-02-26 *Comparative Perspectives on Communal Lands and Individual Ownership* Sustainable Futures addresses property and land title as central mechanisms governing access to communally held land and resources The collection assesses the effectiveness of property law and tenure models developed around concepts of individual ownership for achieving long term environmental and economic sustainability for indigenous peoples and local communities It explores the momentum for change in the international realm and then develops a comparative focus across Australia North America Africa Peru New Zealand and the Pacific region examining the historical and current impacts of individuation of title on the customary law and practice of indigenous peoples and local communities Themes of property privatisation and sustainable communities are developed in theoretical analyses and case studies from these jurisdictions The case studies throw into sharp relief how questions of land law and resources management should not be separated from wider issues about the long term viability of communities Comparative analysis allows consideration of how western models of land tenure and land title might better accommodate the exercise of traditional practices of indigenous peoples and local communities while still promoting autonomy choice and economic development This volume will be of interest to scholars and professionals working in the fields of property law land reform policy and planning indigenous law and customary law environmental sustainability development and resource management

Contesting Native Title David Ritter, 2020-08-26 This book debunks in spectacular fashion some of the most treasured over inflated claims of the benefits of native title Professor Mick Dodson ANU Centre for Indigenous Studies David Ritter's fascinating account of the evolution of the native title system is elegant and incisive scholarly and sceptical above all unfailingly intelligent Professor Robert Manne La Trobe University An unsentimental richly informed account of a fascinating period in the history of Australia's relationships with its indigenous people From the Foreword by Chief Justice Robert French After the historic Mabo judgement in 1992 Aboriginal communities had high hopes of obtaining land rights around Australia What followed is a

dramatic story of hard fought contests over land resources money and power yielding many frustrations and mixed outcomes Based on extensive research enriched by intimate experience as a lawyer and negotiator David Ritter offers both an insider s perspective and a cool headed and broad ranging account of the native title system In lucid prose Ritter examines the contributions of the players that contested and adjudicated native title Aboriginal leaders and their communities multinational resource companies pastoralists courts and tribunals politicians and bureaucrats His account lays bare the conflicts compromises and conceits beneath the surface of the native title process

The Proposed Nordic Saami Convention Nigel Bankes,Timo Koivurova,2013-01-31 In 2005 an expert group representing the governments of Norway Sweden and Finland and the Saami parliaments of these countries agreed upon a draft text of a Nordic Saami Convention Key parts of the text deal with the recognition of Saami land and resource rights More recently the three governments have embarked on negotiations to move from this draft text to a final convention that may be adopted and ratified by all three countries Negotiations commenced in the Spring of 2011 and should be completed within five years This collection of essays explores the national and international dimensions of indigenous property rights and the draft Convention which recognises the Saami as one people divided by international boundaries Part one of the book seeks to provide a global and theoretical context for these developments in the Nordic countries with a series of essays dealing with the moral and legal reasons for recognising indigenous property interests and different conceptualisations of the relationship between indigenous peoples and settler societies including recognition reconciliation and pluralism Part two of the book examines some international legal issues associated with the Convention including the background to the Convention Part three turns to examine aspects of the recognition of Saami property interests in each of the three Nordic states while Part four provides some comparative experiences examining the recognition of indigenous property rights in a number of jurisdictions including Canada Australia and a number of South American states An additional essay considers gender issues in relation to indigenous property rights

Native Title Report 2005 Australia. Aboriginal and Torres Strait Islander Social Justice Commission,Tom Calma,2005 The purpose of this report is to examine from a non partisan and unbiased perspective some of the issues that have arisen during the debate and assess the proposal to lease Indigenous land against human rights standards existing land rights regimes and economic factors which will determine the effectiveness of the proposal by the NIC Introd

The Social Effects of Native Title Benjamin Richard Smith,Frances Morphy,2007-10-01 The papers in this collection reflect on the various social effects of native title In particular the authors consider the ways in which the implementation of the Native Title Act 1993 Cwlth and the native title process for which this Act legislates allow for the recognition and translation of Aboriginal law and custom and facilitate particular kinds of coexistence between Aboriginal title holders and other Australians In so doing the authors seek to extend the debate on native title beyond questions of practice and towards an improved understanding of the effects of native title on the social lives of Indigenous Australians and on Australian society more generally Publisher s description

Engaging Indigenous Economy Will Sanders,2016-04-20 The engagement of Indigenous Australians in economic activity is a matter of long standing public concern and debate Jon Altman has been intellectually engaged with Indigenous economic activity for almost 40 years most prominently through his elaboration of the concept of the hybrid economy and most recently through his sustained and trenchant critique of policy He has inspired others also to engage with these important issues both through his

writing and through his position as the foundation Director of The Australian National University's Centre for Aboriginal Economic Policy research from 1990 to 2010 The year 2014 saw both Jon's 60th birthday and his retirement from CAEPR This collection of essays marks those events Contributors include long standing colleagues from the disciplines of economics anthropology and political science and younger scholars who have been inspired by Jon's approach in developing their own research projects All point to the complexity as well as the importance of engaging with Indigenous economic activity conceptually empirically and as a strategic concern for public policy

Resolving Indigenous Disputes Larissa Behrendt, Loretta Kelly, 2008 This book looks at the way in which dispute resolution processes can be developed to more effectively empower Aboriginal people and assist with the more equitable and satisfactory resolution of disputes between Aboriginal people and between Aboriginal people and other groups It uses conflict around land particularly at the intersection between land claim and native title as its focus These have been identified through extensive field research The book also explores the building of models of alternative dispute resolution processes based on Aboriginal cultural values and world views It provides practical tools to practitioners who are seeking to find more effective ways of dealing with conflict in Aboriginal communities or between Aboriginal communities and other stakeholders
